

## **Legislative, Judicial, and Executive**

---

Governmental bodies classified under the Legislative, Judicial, and Executive section of the Governor's Budget are either established as independent entities under the California Constitution, or are departments with a recognized need to operate outside of the administrative oversight and control of an agency secretary. Constitutionally-established bodies include the Legislature, Judicial Branch, Governor's Office, and constitutional officers. This section also includes such independent entities as the Inspector General and the California State Lottery.

## 0100 Legislature

The Legislature is comprised of two houses, the Senate and the Assembly, and is responsible for enacting laws and establishing public policy for California. The State Senate is comprised of 40 members who are elected for 4-year terms. Each Senator serves no more than two terms. The State Assembly is comprised of 80 members who are elected for 2-year terms. Members of the Legislature may serve a maximum of 12 years total in the Senate, the Assembly, or both, in any combination of terms. Members first elected before June 6, 2012, however, may generally serve a maximum of 14 years total, with no more than two terms in the Senate and three terms in the Assembly.

**0150 Contributions to the Legislators' Retirement System**

Established in 1947, the Legislators' Retirement System provides retirement and death benefits for Legislators, Constitutional Officers, and Legislative Statutory Officers.

The Legislators' Retirement System is funded through contributions from the state, members of the system, and investment earnings. Member contributions are dependent upon the member's first enrollment date in the Legislators' Retirement System. Members enrolled prior to March 4, 1972, contribute 4 percent of salary while members enrolled after that date contribute 8 percent of salary. The state's contribution to the Legislators' Retirement System varies each year and is based upon the amount needed to pay future benefits. In years when members' contributions and investment earnings exceed the amount needed to pay benefits, the state does not make any contributions. Between 2000-01 and 2011-12, the Legislators' Retirement System was super-funded and neither the state nor members were required to contribute. Beginning in 2012-13, contributions resumed for the state and members.

The California Public Employees' Retirement System (CalPERS) administers the Legislators' Retirement System on behalf of its members. Retirement benefits paid are based upon age, years of service, and compensation. Benefits for death, disability and surviving dependents of deceased members are also provided under specific conditions.

Proposition 140, approved by voters in 1990, closed the Legislators' Retirement System to all new legislators after November 6, 1990.

Effective January 1, 2013, the Legislators' Retirement System was closed by the California Public Employees' Pension Reform Act of 2013, Chapter 296, Statutes of 2012 (AB 340) to all new members. New Constitutional Officers, Statutory Officers, Sergeant-at-Arms, and the Insurance Commissioner retain optional membership rights in CalPERS.

## 0160 Legislative Counsel Bureau

The Legislative Counsel Bureau provides legal assistance to the two houses of the Legislature, their members and committees by resolving a large volume of complex legal problems arising in connection with the legislative process. The legal services furnished include rendering opinions, drafting bills, counseling, attending as counsel meetings of legislative committees, and representing the Legislature in litigation. The attorney-client relationship is maintained and all work is confidential.

In addition, the Bureau prepares and provides necessary indices and appropriate tables necessary to identify legislative measures and compiles and indexes statutes and codes.

The Bureau operates the Legislative Data Center, which provides information technology services in support of the legislative information system and the processing of legislative measures.

Pursuant to Chapter 46, Statutes of 2012, the California Commission on Uniform State Laws was transferred into the Legislative Counsel Bureau. The California Commission on Uniform State Laws presents to the Legislature uniform laws recommended by the National Conference of Commissioners on Uniform State Laws and then promotes passage of these uniform acts.

## 0250 Judicial Branch

Article VI of the Constitution creates the Supreme Court of California and the Courts of Appeal to exercise the judicial power of the state at the appellate level. Article VI also creates the Judicial Council of California to administer the state's judicial system. Chapter 869, Statutes of 1997, created the California Habeas Corpus Resource Center to represent any person financially unable to employ appellate counsel in capital cases.

The Lockyer-Isenberg Trial Court Funding Act of 1997 (Chapter 850, Statutes of 1997) provided a stable and consistent funding source for the trial courts. Beginning with fiscal year 1997-98, consolidation of the costs of operation of the trial courts was implemented at the state level, with the exception of facility, revenue collection, and local judicial benefit costs. This implementation capped the counties' general purpose revenue contributions to trial court costs at a revised 1994-95 level. The county contributions become part of the Trial Court Trust Fund, which supports all trial court operations. Fine and penalty revenue collected by each county is retained or distributed in accordance with statute. Each county makes quarterly payments to the Trial Court Trust Fund equal to the fine and penalty revenue received by the state General Fund in 1994-95, as adjusted by amounts equivalent to specified fine and fee revenues that counties benefited from in 2003-04. The Trial Court Facilities Act of 2002 (Chapter 1082, Statutes of 2002) provided a process for the responsibility for court facilities to be transferred from the counties to the state by July 1, 2007. The Trial Court Facilities Act of 2002 also established several new revenue sources, which went into effect on January 1, 2003. These revenues are deposited into the State Court Facilities Construction Fund for the purpose of funding the construction and maintenance of court facilities throughout the state. Counties contribute revenues for the ongoing operation and maintenance of court facilities based upon historical expenditures for facilities transferred to the state.

The mission of the Judicial Branch is to resolve disputes arising under the law and to interpret and apply the law consistently, impartially, and independently to protect the rights and liberties guaranteed by the Constitutions of California and the United States, in a fair, accessible, effective, and efficient manner.

Since department programs drive the need for infrastructure investment, each department has a related capital outlay program to support this need. For the specifics on the Judicial Branch's Capital Outlay Program see "Infrastructure Overview."

## MAJOR PROGRAM CHANGES

- Trial Court Operations Funding-The 2012 Budget Act limited trial court reserves to 1 percent beginning on July 1, 2014. The spending down of court reserves offsets General Fund spending on a dollar-for-dollar basis. The Budget uses a \$200 million transfer from the Immediate and Critical Needs Account to support trial court operations as the courts adapt to the new reserve policy.
- Long Beach Courthouse-The Budget includes \$34.8 million Immediate and Critical Needs Account for the new Long Beach Courthouse service fee payment, which is expected to be occupied in September 2013.
- Trial Court Efficiencies-The Budget includes a range of statutory changes that will assist the Judicial Branch in effectively managing monthly trial court cash flow issues, reduce workload through administrative efficiencies, and increase user fees to support ongoing workload at the trial courts.
- Organizational Restructuring-The Budget includes the restructuring of the Judicial Council and the Judicial Council Facility Program as a result of recommendations included in the Strategic Evaluation Committee "Report on the Administrative Office of the Courts."

<sup>1</sup> Superior court operational expenditure amounts and expenditures for supporting trial court operations from state funds reported in the Governor's budget typically are not equal to one another due to the following factors: a) portions of state funding, such as judges' compensation, are not distributed directly to the courts; b) court operations are also supported by grant funding, local and other non-state financing sources, as well as use of courts' fund balances; and c) courts may not expend all monies distributed from state funds.

<sup>2</sup> Reflects the budgets of 51 of 58 superior courts based on courts' FY 2012-13 Schedule 1 submissions as of December 10, 2012.

<sup>3</sup> Expenditures include, partially or wholly, all items from Table 1 with the exception of: criminal and traffic case management system (V2); civil, small claims, probate and mental health case management system (V3); statewide administrative and technology infrastructure (non-V2 and V3); assigned judges; California collaborative and drug court projects; court-appointed special advocate program; and Equal Access Fund.

### PROGRAM DESCRIPTIONS

#### 10 - SUPREME COURT

The Supreme Court is the highest court in the California judicial system. Its decisions are binding on all other California state courts. The Chief Justice of California and the six Associate Justices entertain petitions seeking review of decisions from the Courts of Appeal, original petitions for extraordinary relief (such as writs of mandate or habeas corpus), and recommendations for discipline of judicial officers and attorneys. The Court grants review and issues opinions in order to settle legal questions of statewide importance. In addition, under the California Constitution, all death penalty judgments are appealed directly to the Supreme Court.

#### 20 - COURTS OF APPEAL

Established by a constitutional amendment in 1904, the Courts of Appeal are California's intermediate courts of review. The six District Courts of Appeal hear appeals and original proceedings at nine different locations around the state. Cases before the Courts of Appeal involve every area of civil and criminal law.

#### 30 - JUDICIAL COUNCIL

The Judicial Council of California is the constitutional policy-making body for the state judiciary. The Council consists of 21 voting members and 6 advisory members; the Chief Justice of California serves as chair. The Administrative Office of the Courts is the administrative arm of the Council. This office provides policy support to the Council, administrative accountability in the operation of the courts as specified by law, and administrative support for courts in areas such as budget, fiscal services, coordination of the assignment of retired judges, technology, education, legal advice and services, human resources, legislative advocacy, and research.

Consistent with the judiciary's mission, the Judicial Council is guided by the following principles:

- To make decisions in the best interests of the public and the court system as a whole.
- To conduct the Council's business based on an underlying commitment to equal and timely justice and public access to an independent forum for the resolution of disputes.
- To provide leadership in the administration of justice by planning and advocating for policies and resources that are necessary for courts to fulfill their mission.
- To ensure the continued development of an accessible, independent court system through planning, research, and evaluation programs, and through the use of modern management approaches and technological developments.
- To provide leadership in the administration of justice by establishing broad and consistent policies for the operation of the courts and appropriate uniform statewide rules and forms.
- To promote a competent, responsive, and ethical judiciary and staff through a comprehensive program of judicial education and training for court employees.
- To contribute to the public's understanding of the judicial process through a continuing program of public education.
- To provide assistance to the courts in developing action plans that are consistent with the Council's Strategic Plan and that address local needs and priorities.

#### 35 - JUDICIAL BRANCH FACILITY PROGRAM

The Judicial Branch Facility Program administers the acquisition, planning, construction, operations, and maintenance of judicial branch facilities. This program is responsible for the development of long-term facilities master plans, facility and real estate management, and new courthouse planning, design, and construction.

#### 45 - STATE TRIAL COURT FUNDING

##### 45.10 - SUPPORT FOR THE OPERATION OF THE TRIAL COURTS

This program's objective is to provide the resources necessary for the statewide trial court system to adjudicate civil and criminal cases. This program includes all allowable trial court administrative costs under Chapter 850, Statutes of 1997, except salaries and benefits of Superior Court judges, compensation for assigned judges, and support for language interpreters.

##### 45.25 - COMPENSATION OF SUPERIOR COURT JUDGES

This program provides funding for the salaries and state benefits for Superior Court judges.

##### 45.35 - ASSIGNED JUDGES

This program provides support for the salaries and related costs of retired as well as active judges who are assigned by the Chief Justice to positions in courts which require assistance due to caseload backlogs or other factors impacting the ability of a court to avoid case delay.

##### 45.45 - COURT INTERPRETERS

This program supports the provision of qualified language interpreters in criminal or juvenile proceedings as required by statute.

## 0250 Judicial Branch - Continued

### 50 - HABEAS CORPUS RESOURCE CENTER

The Habeas Corpus Resource Center provides legal representation for indigent petitioners in death penalty habeas corpus proceedings before the Supreme Court of California and the federal courts. The Center also recruits and trains attorneys to expand the pool of private counsel qualified to accept appointments in death penalty habeas corpus proceedings, serves as a resource to them, and thereby helps to reduce the number of unrepresented indigents on California's death row.

## INFRASTRUCTURE OVERVIEW

The Judicial Council facilities consist of the Supreme Court, Appellate Courts, Trial Courts, and the Administrative Office of the Courts. The Supreme Court is located within the San Francisco Civic Center Plaza (98,155 square feet (sf)), the Library and Courts Building in Sacramento (2,480 sf), currently vacant due to renovation, and the Ronald Reagan State Office Building in Los Angeles (7,598 sf). The Courts of Appeal are organized into six districts, operate in 10 different locations, and consist of 505,337 sf. The Trial Courts are located in 58 counties statewide consisting of more than 500 buildings, 2,100 courtrooms, and over 13 million sf of usable area. The space includes public courtrooms, judges' chambers, staff workspace, storage space, training rooms, and conference rooms. The Administrative Office of the Courts facilities are primarily located in San Francisco (Headquarters), Burbank, and Sacramento and occupy 343,423 sf.

As part of the budget solutions, the 2012 Budget Act redirected funds for trial court operations from the Immediate and Critical Needs Account, which funds all Senate Bill 1407 (Chapter 311, Statutes of 2008) trial court capital projects. In response to these budget solutions, the Judicial Council adopted a revised spending plan for all SB 1407 projects, based on recommendations made by the Trial Court Facilities Working Group, a group appointed by the Chief Justice of the Supreme Court. Because this revised spending plan was not finalized in time for inclusion in the Governor's Budget, project funding changes approved by the Judicial Council will be presented to the Governor and the Legislature in the spring of 2013.

**0280 Commission on Judicial Performance**

The California Commission on Judicial Performance is the independent state agency responsible for investigating complaints of judicial misconduct and judicial incapacity, and for disciplining judges pursuant to Article VI, Section 18 of the California Constitution. It is the only body with such authority in the state. Its jurisdiction includes all active judges and justices of California's superior courts, Courts of Appeal and Supreme Court, and former judges for conduct prior to retirement or resignation. The Commission also shares authority with the local courts for the oversight of court commissioners and referees. In addition to its disciplinary functions, the Commission is responsible for handling judges' applications for disability retirement.

The Commission's authority is limited to investigating alleged judicial misconduct and, if warranted, imposing discipline. Judicial misconduct usually involves conduct in conflict with the standards set forth in the Code of Judicial Ethics. After investigation and, in some cases a public hearing, the Commission may impose sanctions ranging from confidential discipline to removal from office.

Members are appointed to four-year terms and may serve two terms. Commission members do not receive a salary.

**0390 Contributions to the Judges' Retirement System**

The Judges' Retirement System provides retirement benefit funding for judges on California's Supreme, Appellate, and Superior/Municipal courts.

The Judges' Retirement System provides retirement, disability, and death benefits based on age, years of service, compensation of active judges, and eligibility, as determined by specific sections of the Judges' Retirement Law. Active judges and the state each contribute 8 percent of salary to the Judges' Retirement System. Additional contributions come from filing fees for specific civil cases and investment income. These contributions, however, are not sufficient to fully fund benefit payments. Consequently, current law requires the state to fund the difference between existing contribution sources and the required benefit payments to retired judges.

A second retirement system for judges was established in 1994. All new judges elected or appointed on or after November 9, 1994 become members of Judges' Retirement System II. The Judges' Retirement System II receives contributions from judges equal to 8 percent of salary as well as any investment income. The state's contributions are adjusted annually to maintain actuarial soundness of the fund. Judges' Retirement System II members eligible for a service retirement have the option of choosing the monetary credit plan (a lump-sum return of contributions and interest earned) or the defined benefit plan.

Effective January 1, 2013, provisions of the California Public Employee's Pension Reform Act of 2013, Chapter 296, Statutes of 2012 (AB 340), require that new judges contribute 50 percent of the normal cost of their pension benefits.

**0540 Secretary of the Natural Resources Agency**

The mission of the Natural Resources Agency is to restore, protect and manage the state's natural, historical and cultural resources for current and future generations using creative approaches and solutions based on science, collaboration and respect for all involved communities. The Secretary for Natural Resources, a member of the Governor's Cabinet, sets the policies and coordinates the environmental preservation and restoration activities of 26 various departments, boards, commissions, and conservancies, and directly administers the Sea Grant Program, California Environmental Quality Act, and River Parkways.

The Natural Resources Agency consists of the departments of Forestry and Fire Protection, Conservation, Fish and Wildlife, Parks and Recreation, and Water Resources; the State Lands Commission; the Colorado River Board; the San Francisco Bay Conservation and Development Commission; the Energy Resources Conservation and Development Commission; the Wildlife Conservation Board; the Delta Protection Commission; the California Conservation Corps; the California Coastal Commission; the State Coastal Conservancy; the California Tahoe Conservancy; the Santa Monica Mountains Conservancy; the Coachella Valley Mountains Conservancy; the San Joaquin River Conservancy; the San Gabriel and Lower Los Angeles Rivers and Mountains Conservancy; the Baldwin Hills Conservancy; the San Diego River Conservancy; the Sierra Nevada Conservancy; the Sacramento-San Joaquin Delta Conservancy; the Native American Heritage Commission; the California Science Center, and the Special Resources Program.

The 2013-14 Governor's Budget proposes to consolidate oversight of ocean protection functions within the office of the Secretary of the Natural Resources Agency to improve the efficiency and coordination of this effort. Therefore, the Ocean Protection Council, which was formerly administered by the State Coastal Conservancy, is now included here. The mission of the California Ocean Protection Council is to ensure that California maintains healthy, resilient, and productive ocean and coastal ecosystems for the benefit of current and future generations. The Budget also reflects the transfer of the California Science Center from the State and Consumer Services Agency to the Natural Resources Agency in 2013-14, as the Science Center's mission more closely aligns with that of this agency.

**0552 Office of the Inspector General**

The Office of the Inspector General (OIG) protects public safety by safeguarding the integrity of California's correctional system. The OIG is responsible for contemporaneous oversight of the California Department of Corrections and Rehabilitation's (CDCR) internal affairs investigations, use of force, and the employee disciplinary process. When requested by the Governor, the Senate Committee on Rules, or the Speaker of the Assembly, the Inspector General reviews the policies, practices, and procedures of the CDCR. The Inspector General reviews the Governor's candidates for appointment to serve as warden for the state's adult correctional institutions and as superintendents for the state's juvenile facilities; conducts metric-oriented inspection programs to periodically review delivery of medical care at each state prison and the delivery of reforms identified in the department's document released in April 2012 entitled "The Future of California Corrections: a blueprint to save billions of dollars, end federal court oversight, and improve the prison system." The OIG receives communications from individuals alleging improper governmental activity and maintains a toll-free public telephone number to receive allegations of wrongdoing by employees of the CDCR; conducts formal reviews of complaints of retaliation from CDCR employees against upper management where a legally cognizable cause of action is present; and reviews the mishandling of sexual abuse incidents within correctional institutions. The OIG provides critical public transparency for the state correctional system by publicly reporting its findings.

In addition, the Public Safety and Offender Rehabilitation Services Act of 2007, Chapter 7, Statutes of 2007, created the California Rehabilitation Oversight Board (Board) within the OIG. The Board's mandate is to examine the CDCR's various mental health, substance abuse, educational, and employment programs for inmates and parolees. The Board meets quarterly to recommend modifications, additions, and eliminations of offender rehabilitation and treatment programs. The Board also submits biannual reports to the Governor, the Legislature, and the public to convey its findings on the effectiveness of treatment efforts, rehabilitation needs of offenders, gaps in offender rehabilitation services, and levels of offender participation and success.

**0690 Office of Emergency Services**

Effective July 1, 2013, pursuant to the Governor's Reorganization Plan No. 2 of 2012, the California Emergency Management Agency is re-named the Office of Emergency Services (OES).

The principal objective of the OES is to reduce vulnerability to hazards and crimes through emergency management, homeland security, and criminal justice to ensure a safe and resilient California. The OES responds to and coordinates emergency activities to save lives and reduce property loss during disasters and facilitates/coordinates recovery from the effects of disasters. On a day-to-day basis, the OES provides leadership, assistance, training, and support to state and local agencies and coordinates with federal agencies in planning and preparing for the most effective use of federal, state, local, and private sector resources in emergencies. This emergency planning is based upon a system of mutual aid whereby a jurisdiction relies first on its own resources, and then requests assistance from its neighbors. The OES's plans and programs are coordinated with those of the federal government, other states, private sector, utilities, and state and local agencies within California.

During an emergency, the OES functions as the Governor's immediate staff to provide guidance and coordinate the state's responsibilities under the Emergency Services Act and applicable federal statutes. It also acts as the conduit for federal assistance through natural disaster grants and federal agency support. Additionally, the OES is responsible for the development and coordination of a comprehensive state strategy related to all hazards, including terrorism, that includes prevention, preparedness, and response and recovery.

Further, the OES improves the criminal justice system in California by providing financial and technical assistance to local governments, state agencies, and the private sector for homeland security, public safety, and victim services.

**PROGRAM DESCRIPTIONS****20 - EMERGENCY MANAGEMENT SERVICES**

Through the Emergency Management Services Program, the OES provides effective use of federal, state, and local resources, through the mutual aid system to jurisdictions whose resources and services are overextended in a disaster situation. Also, this program develops and coordinates a comprehensive state strategy related to an all-hazards approach that includes prevention, preparedness, response, and recovery consistent with the National Strategy on Homeland Security. Central to this effort is maintaining operational readiness at all levels of government. Within this program, the OES also trains emergency managers, responders, and state and local leaders in preparedness and response to all hazards.

**40 - SPECIAL PROGRAMS AND GRANT MANAGEMENT**

The OES serves as the State Administering Agent for federal homeland security, emergency management, and criminal justice grants and is the primary liaison with the Federal Emergency Management Agency, the United States Department of Homeland Security, and other federal agencies. Additionally, the OES serves as an advocate for local public safety, emergency management, and public and private agencies operating public safety and victim service programs. As part of its grant management role, the OES administers the California Disaster Assistance Act and provides eligible local agencies with financial assistance to recover from disasters. Included in this program is the State Terrorism Threat Assessment Center which operates a state-level intelligence database that assists law enforcement in combating terrorist activities in California, and coordinates those efforts with federal law enforcement agencies.

**65 - ADMINISTRATION AND EXECUTIVE**

The Administration and Executive Program provides the overall policy direction of the OES and support services such as accounting, fiscal, personnel, and business services.

**0750 Office of the Lieutenant Governor**

Under California's Constitution, the Lieutenant Governor serves as Acting Governor whenever the Governor is absent from the state, and automatically becomes Governor if a vacancy occurs in the Office of Governor. The Lieutenant Governor is also President of the Senate and votes in case of a tie.

The Lieutenant Governor serves as a voting member of the Board of Regents of the University of California and a voting member of the Board of Trustees of the California State University system.

The Lieutenant Governor also serves on, and rotates with the State Controller, as chair of the three-member State Lands Commission, which oversees the control and leasing of millions of acres of state-owned land, including offshore oil resources, as well as use and permitting for all navigable waterways in California. The Commission also manages state land-use planning and revenues, and related interstate issues. During alternate years, when the Lieutenant Governor serves as Chairperson of the State Lands Commission, he also serves as a member of the Coastal Commission.

In addition, under state statutes, the Lieutenant Governor chairs the California Commission for Economic Development, which provides support and guidance to the Governor, Legislature and private sector regarding the development of California's economy.

**PROGRAM DESCRIPTIONS****11 - DIRECTORATE AND ADMINISTRATION**

The Directorate and the Administration Division of the Department of Justice consists of the Division of Administrative Support and the Attorney General's Executive Office. The executive office maintains overall direction and administration over the diverse programs and projects of the department, including the Equal Employment Rights and Resolution Office, the Office of Program Review and Audits, the Opinions Unit, the Solicitor General's Unit, the Office of Legislative Affairs, the Office of Communications and the Public Inquiry Unit. In addition, the Division of Administrative Support provides support functions essential to the department's operations, including fiscal, personnel, and specialized services such as legal secretarial support, litigation support, and legal case management services.

**20 - LEGAL SERVICES**

Legal Services is organized into three elements: (1) Civil Law, (2) Criminal Law, and (3) Public Rights.

Civil Law represents the State of California and its officers, agencies, departments, boards, commissions, and employees in civil matters. It provides advice to these clients, defends cases brought against them and prosecutes cases to vindicate state interests. Deputy Attorneys General in Civil Law have primary responsibility to manage and litigate cases in both state and federal courts at the trial level and on appeal, including appeals before the United States and California Supreme Courts. Deputies work in one of eight sections: Business and Tax; Correctional Law; Employment and Administrative Mandates; Government Law; Health, Education and Welfare; Health Quality Enforcement; Licensing; or Tort and Condemnation.

Criminal Law represents the state in criminal matters before the Appellate and Supreme courts. Criminal Law also fulfills the Attorney General's responsibilities of assisting district attorneys in cases for which they are recused, conducts criminal investigations and prosecutes those engaged in illegal activities where local resources are inadequate to perform these functions, and defends state and federal habeas corpus matters. Additional responsibilities include enforcing the Political Reform Act, advising the Governor on extradition matters, investigating and prosecuting Medi-Cal provider fraud, investigating and prosecuting the abuse or neglect of elder and dependent adults residing in long-term health care facilities, and investigating, prosecuting, and coordinating litigation involving white-collar crime, high-tech/computer/privacy crime, and financial crimes against the elderly.

Public Rights protects and preserves the public interest by providing legal services to state agencies and Constitutional Officers and by bringing actions in the name of the Attorney General to protect the public. Public Rights provides specialized services in the following areas: Civil Rights Enforcement; Charitable Trusts (including Registry of Charitable Trusts); Natural Resources Law; Corporate Fraud (including False Claims, Underground Economy, Energy and Corporate Responsibility); Indian and Gaming Law; Environment Law; Land Law; Consumer Law; Antitrust Law; and Tobacco Litigation Enforcement.

**50 - LAW ENFORCEMENT**

The Division of Law Enforcement is organized into five elements: (1) Bureau of Firearms, (2) Bureau of Forensic Services, (3) Bureau of Gambling Control, (4) Bureau of Investigation, and (5) the Office of the Director.

The Bureau of Firearms provides oversight, enforcement, education, and regulation of California's firearms/dangerous weapon laws by conducting firearms eligibility background checks and administering over thirty different state-mandated firearms-related programs. The Bureau conducts firearms dealer and manufacturer inspections and provides training as needed. Special Agents conduct investigations on armed and prohibited persons and other investigations resulting in the seizure of weapons. Agents also conduct firearms investigations to prevent illegal gun trafficking at in-state and out-of-state gun shows in accordance with state and federal law.

The Bureau of Forensic Services provides evaluation and analysis of physical evidence including expert court testimony to state and local law enforcement agencies, district attorneys, and courts, by operating 11 specialized laboratories that serve 46 counties as well as a forensic training facility and a DNA laboratory that is compiling and maintaining a database of sex and violent offenders.

The Bureau of Gambling Control regulates legal gambling activities in California to ensure gambling is conducted honestly and is free from criminal and corruptive elements by investigating the qualifications of individuals who apply for state gambling licenses and monitoring the conduct of these licensees to ensure compliance with the Gambling Control Act. Further, it conducts criminal investigations in, on or about Tribal casinos and cardrooms. Its role also includes regulating Tribal gaming by ensuring that each Tribe is in compliance with all aspects of the gaming compact.

The Bureau of Investigation leads the investigations of crimes that present serious multi-jurisdictional threats to California. The Bureau prioritizes cases involving human trafficking, environmental crimes, public corruption, mortgage and other major frauds, underground economy cases, and digital or high-technology crimes. In addition, the Bureau provides leadership,

coordination, and support to law enforcement through multi-agency drug and gang task forces, and special operations units.

The Office of the Director enhances public safety through training, technical, intelligence and administrative support to the investigative, regulatory and forensic components of the Division of Law Enforcement and other criminal justice agencies. The Office serves as the policy-making and oversight body for its four operational bureaus.

### 60 - CALIFORNIA JUSTICE INFORMATION SERVICES

The California Justice Information Services Division provides criminal justice intelligence, information, and identification services to law enforcement, regulatory agencies, and the public. Four major functional areas carry out these primary services. 1) The Bureau of Criminal Identification & Investigative Services consolidates the identification, investigative, and field services functions, providing information and technical assistance on manual and automated systems including the fingerprint identification system and the violent crime information system. 2) The Bureau of Criminal Information and Analysis consolidates the functions related to the authorization, release, and use of criminal offender record information for law enforcement investigatory and regulatory purposes. 3) The Hawkins Data Center operates the Criminal Justice Information System and the California Law Enforcement Telecommunications System, and 4) the Operations Support Program provides business resumption planning and administrative support and oversight.

**0840 State Controller**

The State Controller is the Chief Fiscal Officer of California, the ninth largest economy in the world, and is principally responsible for accountability of the state's resources. The Controller ensures the appropriate expenditure of -- and accounting for -- every taxpayer dollar, advancing the long-term sustainability and responsible stewardship of California public resources. The Controller chairs or serves on 81 state boards and commissions, and is charged with duties ranging from overseeing the administration of the nation's two largest public pension funds, to protecting our coastline and helping to build hospitals. The Controller provides sound fiscal control for, and independent oversight of, more than \$100 billion in receipts and disbursements of public funds. In addition, the Controller offers fiscal guidance to local governments, and performs audit functions to uncover fraud and abuse of taxpayer dollars. The Controller's primary objectives are to:

- Account for and control disbursement of all state funds.
- Determine legality and accuracy of every claim against the State.
- Issue warrants in payment of the State's bills including lottery prizes.
- Administer the Uniform State Payroll System.
- Audit and process all personnel and payroll transactions for state civil service, exempt employees, and state university and college system employees.
- Audit state and local government programs.
- Inform the public of the State's financial condition.
- Administer the Unclaimed Property Law.
- Inform the public of financial transactions of city, county and district governments.

**PROGRAM DESCRIPTIONS****10 - ACCOUNTING AND REPORTING**

\* Dollars in thousands, except in Salary Range.

## 0840 State Controller - Continued

The Division of Accounting and Reporting maintains uniform and systematic control accounts of all receipts, payments, state fund balances, and bonded indebtedness; reports the financial condition of the state; maintains a database of information and reports on local financial transactions; apportions shared revenues to local governments; administers local mandated cost programs; approves county cost allocation plans; monitors the cash flow of the General Fund; prescribes uniform accounting procedures for presentation of financial data for local governments; administers and collects estate and inheritance taxes; collects delinquent insurance and motor vehicle fuel taxes and petroleum and gas assessments; services and collects loans formerly serviced by the Technology, Trade and Commerce Agency (abolished January 1, 2004); refunds gasoline taxes paid on fuel consumed for off-highway purposes; instructs and advises county tax collectors; maintains the suspended Property Tax Postponement Program for senior and disabled citizens; administers the statewide discharge from accountability program in conjunction with the California Victim Compensation and Government Claims Board; collaborates with the Department of Finance, the Treasurer, and the Department of General Services to develop and implement the Financial Information System for California (FI\$Cal) system to ensure best business practices; and participates in offsetting monies owed to the state.

### 20 - AUDITS

The Audits Division determines the legality and accuracy of all claims against the state through the performance of prepayment audits; assures the accuracy of local government claims and financial statements submitted to the state and federal governments by establishing and updating audit guidelines, reviewing audits performed by independent auditors, performs field audits for a variety of state and federal programs, reviews the single audits reports of local governments and local education agencies that receive "pass-through federal funds" from state agencies; and audits major businesses for compliance with the Unclaimed Property Law.

### 30 - PERSONNEL/PAYROLL SERVICES

The Personnel/Payroll Services Division administers the state's payroll, employment history, the automated travel expense reimbursement system, and leave accounting processes in a manner that provides accurate, timely and efficient processing for the users of these systems. The Division pays state employees within the rules of the Uniform State Payroll process; maintains the state's official employment history and leave accounting processes in conformance with the appropriate laws, rules and memorandums of understanding and policies of the participating salary setting authorities; maintains the state's position roster and provides a wide variety of management and user information. The Division works with other entities, e.g., Department of Personnel Administration, Department of Finance, California State University Chancellor's Office, to maximize the efficiency of the state's personnel and payroll functions, while continuing to maintain the highest level and quality of customer service.

The 21st Century Project will replace existing statewide human resource management systems with a fully integrated solution (MyCalPAYS). Functionality will include employment, payroll, benefits, position management and leave accounting/timekeeping. The new system will enable the state to improve management processes and fulfill its payroll, reporting, and deduction processing obligations accurately and on time. Moreover, the new system will move the state from a transaction-based system to an enterprise database system that supports the business demands of state government.

### 50 - UNCLAIMED PROPERTY

The Unclaimed Property Division administers the Unclaimed Property Law by providing one central source for owners to claim their property; notifying owners of their unclaimed property before it is transferred to the state; receiving unclaimed property from banks, savings and loans, and other business firms; and providing outreach and education for California businesses holding unclaimed property.

### 60 - ADMINISTRATION AND DISBURSEMENTS

The Executive Office and the Administration and Disbursements Division provide executive direction and support services to programs in the State Controller's Office. The primary responsibilities include the establishment and maintenance of communications between the department and the public, budgeting, human resources, accounting information systems, and business services. Disbursements' primary responsibility is to produce and mail or deliver all payments of the state's obligations, including personal income tax refunds, payroll, and retirement payments. The Information Systems Division develops, maintains, and operates all of the department's mainframe, client-server and web-based systems; and oversees the planning, procurement, use, and maintenance of information technology hardware and software.

**0845 Department of Insurance**

California's publicly-elected Insurance Commissioner regulates the largest insurance market in the United States, and the eighth largest insurance market in the world, with \$123 billion in direct premiums; enforces the California Insurance Code; and oversees the California Department of Insurance (CDI). The CDI ensures that consumers are protected; that the insurance marketplace remains vibrant and stable; and that the law is enforced fairly in an open and equitable regulatory environment.

The CDI licenses and regulates insurance companies, agents, and brokers in California. Currently, the CDI oversees and licenses more than 1,800 insurance companies and 335,000 individuals and business entities as insurance agents, brokers, adjusters and bail agents. Additionally, the CDI receives and investigates over 250,000 consumer inquiries and complaints annually; performs examinations to ensure the financial solvency of companies; receives approximately 28,000 suspected fraudulent claim referrals annually; and works in conjunction with local, state and federal law enforcement agencies to investigate and prosecute fraudulent insurance practices.

**0850 California State Lottery Commission**

In 1984, Proposition 37 amended the California Constitution to authorize the establishment of a statewide lottery. As an initiative statute, the California State Lottery Act (Act) of 1984 created the California State Lottery Commission and gave it broad powers to oversee the operations of a statewide lottery. The purpose of the Act was to provide supplemental monies to benefit public education without the imposition of additional or increased taxes. The Lottery is overseen by a five-person Commission appointed by the Governor and confirmed by the State Senate.

The Act initially required that 50 percent of total annual revenues be returned to the public in the form of prizes and at least 34 percent of total revenues be allocated to the benefit of public education. No more than 16 percent of total revenues were to be used for administrative costs.

In 2010, the Act was changed to allow the Lottery flexibility to pay out more money in prizes and reduce the administrative cost limit to 13 percent of total revenues. Along with that flexibility, the new law requires the Lottery to meet minimum levels of contribution to public education. Revenues to education are placed in a special fund, known as the California State Lottery Education Fund, which holds revenues until they are allocated on a per capita basis, using prior year certified Average Daily Attendance data, to the following categories: K-12 education, Community Colleges, the California State University, the University of California, and other educational entities.

In the 27 years since sales began in October 1985 through June 30, 2012, the California State Lottery has raised more than \$25 billion for public education, including over \$1.3 billion in FY 2011-12.

Because of the inherently variable nature of lottery ticket sales, revenue estimates for 2012-13 and 2013-14 cannot be made with certainty.

## 0855 California Gambling Control Commission

The California Gambling Control Commission (Commission) has jurisdiction over gambling establishments (cardrooms), Tribal casinos, and charitable organizations that offer remote caller bingo, pursuant to its authority under state law and Tribal-State Gaming Compacts (Compacts). The Commission also has jurisdiction over gaming policies, regulations, criteria, and standards.

There are 88 licensed cardrooms in California over which the Commission has regulatory authority. This authority extends to the operation, concentration, and supervision of the cardrooms and all persons and things related to each licensed establishment, including third party providers of proposition player services.

The Commission has fiduciary, regulatory, and administrative responsibilities related to Tribal gaming that include: (1) distribution of Tribal gaming revenues to various state funds and to authorized federally-recognized non-Compact Tribes, and (2) monitoring of Tribal gaming through initial and periodic background checks of key employees, vendors, and financial sources.

The Commission has fiduciary, regulatory, and administrative responsibilities related to remote caller bingo.

Effective July 1, 2013, pursuant to the Governor's Reorganization Plan No. 2 of 2012, the 2013-14 Compliance and Licensing Divisions of the California Gambling Control Commission are transferring to the Department of Justice (Organization Code 0820). See Major Program Changes Below.

program, Safe at Home serves as a liaison for those participants who qualify for additional confidential services offered by various state and local agencies.

**20 - ELECTIONS**

The Secretary of State, as California's chief elections officer, has broad responsibility to administer the election process. This program oversees the modernization of voting equipment and the improvement of current electoral database systems, enhancing the voting processes, providing accessibility to voters, working to increase people's knowledge of the electoral system, and establishing a procedure to allow voters to file and have complaints resolved about voting-related issues.

This program includes the campaign and lobbying registration and disclosure provisions of the Political Reform Act of 1974. Under this law, the Office registers all levels of campaign committees, and reviews for compliance with statutory requirements all state-level campaign recipient, major donor, slate mailer, political party, and independent expenditure committees. The program also registers lobbyists, lobbying firms and lobbyist employers, reviews the periodic financial disclosure reports filed by lobbying entities, and publishes a Lobbying Directory on the Internet. This program also supports the electronic filing requirements of the Political Reform Act and posts relevant registration and disclosure information to the Office's web site so voters can track where campaign money is raised and spent and what lobbying activity is occurring in state government. A searchable database of campaign and lobbying financial activity is also provided through the web site.

**30 - ARCHIVES**

The California State Archives acquires, indexes, preserves, and provides reference access to irreplaceable historic materials from the three branches of state government. The Archives acquires records, with legal, administrative or evidentiary value, or that have historical significance. Materials are transferred to the Archives for permanent preservation.

**50 - ADMINISTRATION AND TECHNOLOGY**

This program develops and manages overall policy. It serves as the liaison to other state agencies, the Legislature, the federal government, and other states' Secretaries of State. This program responds to constituent correspondence and requests from the public and advocates in the Legislature, administers the Secretary's role as ex officio member of the World Trade Commission and as a member of the National Association of Secretaries of State, in the management of task forces and advisory committees, in the implementation of new federal and state statutory requirements, and coordinates and disseminates information about the Office and its initiatives to the public. It also provides the Office with the necessary personnel, general administrative, budgeting, fiscal services, and information technology expertise to plan, develop, implement, and operate innovative and effective business and information systems solutions.

## PROGRAM DESCRIPTIONS

## 10 - INVESTMENT SERVICES

The Investment Division is responsible for investment of state monies from the date of receipt through the date of redemption. During the 2011-12 fiscal year, this Division handled 6,811 security investment transactions totaling \$257.3 billion. The Pooled Money Investment Board program accounted for 4,384 of these transactions totaling \$217.8 billion; time deposits accounted for 1,375 transactions totaling \$29.7 billion. The remaining \$9.8 billion is invested on behalf of the state's special funds, such as those associated with the California Housing Finance Agency, the Department of Fish and Game, the state's retirement system, etc. The Division also administers the Local Agency Investment Fund (LAIF), a voluntary investment program created to offer California local agencies greater access to the financial markets through the Pooled Money Investment Board program. In the 2011-12 fiscal year, 2,729 local agencies participated in LAIF, with deposits averaging \$22.3 billion for the fiscal year.

## 20 - CASH MANAGEMENT

In 1949, the California Legislature amended Government Code Section 16305 to create the Centralized Treasury System (CTS) thereby requiring agencies of the State to deposit their money in trust with the Treasurer. The legislation also requires the Treasurer to safeguard the money and make safe and prudent investments. In 1955, the Legislature created the Pooled Money Investment Board (PMIB), giving the Board the responsibility to designate the amount of money available for the investment in securities, bank deposits, and loans to the General Fund.

The Centralized Treasury and Securities Management Division (CTSMD) oversees all banking aspects of the CTS. The goal of the CTSMD is to maximize the earning of interest consistent with safe and prudent treasury management, and to ensure that the depository banks provide the state with proper and adequate security for the deposit of state monies. The State Treasurer maintains demand bank accounts with eight banks for the purpose of providing necessary statewide depository coverage for the remittance of funds collected by the various state agencies.

The CTSMD 1) monitors the cash flow of all state funds, forecasts cash balances, revenue, expenditures, and the amounts available for daily investments, 2) ensures accurate and timely agency deposits, 3) administers and executes the wire transfer of funds, and 4) reconciles state accounts with depository banks and redeems all state items submitted by presenting banks for payments.

The Division is also responsible for 1) executing the clearance and income collection for state investments (excluding PERS and STRS) and securities pledged to the state, 2) the clearance and settlement of securities pledged to the state for the time, demand, and other state agency programs, and 3) the safekeeping of securities and other personal property owned by or pledged to the state.

## 30 - PUBLIC FINANCE

The Public Finance Division is responsible for selling State of California general obligation bonds, commercial paper notes, revenue anticipation notes, revenue bonds, and any other indebtedness for all state agencies. The Division provides debt

administration services for most state bonds and is responsible for disseminating information to bondholders through the Investor Relations Program.

The Division also assures compliance with federal tax laws applicable to state debt. The post-issuance tax compliance for various state debt includes monitoring the use of bond proceeds, monitoring use of bond financed property, tracking expenditures, managing rebate and yield restriction compliance, and ensuring proper record keeping.

**50 - ADMINISTRATION AND INFORMATION SERVICES**

The Administration Division, Executive Office, and the Information Services Division provide executive direction and support services to programs in the State Treasurer's Office. Services include budgeting, personnel, accounting, information systems, business services, technical support, and production operations.

**0959 California Debt Limit Allocation Committee**

The California Debt Limit Allocation Committee's mission is to allocate tax-exempt private activity bond authority for the State of California. Private activity bonds may only be used by the private sector for projects and programs that provide a public benefit. The major public benefit in California is the creation of affordable housing.

The federal government limits the amount of tax-exempt private activity bond authority that can be issued in a state on an annual basis. The limit of bond authority in 2012 is calculated by multiplying the state population by \$95. California has the largest population, and thus has the largest debt (or tax-exempt bond) limit, which totaled over \$3.58 billion in 2012.

The Committee's allocation of tax-exempt bond authority results in the issuance of bonds by cities, counties, joint powers authorities, and state agencies. The bonds are purchased and used by the private sector and are not an obligation of the state or of the federal government.

The Committee administers six programs that are funded through the allocation and issuance of tax-exempt private activity bonds. Those programs are: (1) the Qualified Residential Rental Project Program, (2) the Single-Family Housing Program, (3) the Extra Credit Home Purchase Program, (4) the Industrial Development Bond Project Program, (5) the Exempt Facility Program, and (6) the Student Loan Program.

The Committee is also responsible for the reallocation of Qualified Energy Conservation Bond (QECB) authority originally provided to qualified localities, but later waived back to the State. This bond program, made available through the American Recovery and Reinvestment Act of 2009, provides tax incentives and lower borrowing costs for local governments and private entities to promote job creation and economic recovery in areas particularly affected by employment decline and to facilitate renewable energy conservation programs and projects throughout the State.

The Committee is comprised of the State Treasurer as Chairperson, the Governor, or upon his designation, the Director of Finance, and the State Controller. The Committee is funded on a fee-supported basis.

### PROGRAM DESCRIPTIONS

#### 10 - CALIFORNIA DEBT LIMIT ALLOCATION COMMITTEE

##### Qualified Residential Rental Project Program:

State and local governmental agencies and joint powers authorities can issue tax-exempt housing revenue bonds. These bonds assist developers of multifamily rental housing units to acquire land and construct new units or purchase and rehabilitate existing units. The tax-exempt bonds lower the interest rate on a mortgage to be paid by the developers. The developers in turn produce affordable and market rate rental housing for low and very low-income households by reducing rental rates to these individuals and families. Projects that receive an award of bond authority have the right to apply for non-competitive four-percent tax credits.

##### Single-Family Housing Program:

State and local governmental agencies and joint powers authorities can issue tax-exempt mortgage revenue bonds (MRBs) or mortgage credit certificates (MCCs) to assist first-time homebuyers with purchasing homes. These agencies and authorities may issue MRBs, the proceeds of which back below-market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint powers authorities may issue MCCs. Homebuyers use the MCCs to reduce their federal tax liability by applying the credit to their net tax due. Homebuyers may purchase single-family homes, either freestanding detached, condominiums or townhouses. Program participants must meet program income limits and must purchase a home that falls within the program's purchase price limitations.

##### Extra Credit Home Purchase Program:

State and local governmental agencies and joint powers authorities can issue MRBs or MCCs to assist teachers, principals and other eligible school staff with purchasing homes. These agencies and authorities may issue MRBs, the proceeds of which back below-market interest rate mortgages. As an alternative to issuing MRBs, state and local governmental agencies and joint powers authorities may issue MCCs. Homebuyers use the MCC to reduce their federal tax liability by applying the credit to their net tax due.

##### Industrial Development Bond Project Program:

Small-Issue Industrial Development Bonds (IDBs) are tax-exempt private activity bonds that are issued through state and local governmental agencies to assist manufacturing facilities finance capital expenditures. IDBs offer interest rate savings to small and midsize manufacturers in contrast to conventional loans. When used by manufacturers, IDBs serve to retain and create new jobs within their communities.

##### Exempt Facility Program:

Exempt Facility Bonds are tax-exempt private activity bonds that are issued by state and local governmental agencies to finance solid waste disposal and waste recycling facilities. The tax-exempt bonds provide facility owners with low-cost financing in the form of below-market interest rate loans. The interest rate savings enable the project owners to maintain lower customer rates or minimize customer rate increases, while at the same time assisting the communities they serve meet their mandated requirements to protect and enhance the environment.

##### Student Loan Program:

Student Loan Bonds are tax-exempt private activity bonds issued by authorized agencies for the purpose of either financing direct loans to college students and their parents or purchasing bundles of already-originated loans on the secondary market. When used for direct lending programs, tax-exempt bond allocation allows lenders to pass on interest rate savings to financially needy students via below-market interest rate loans. Financially needy students are borrowers for whom the cost to attend college exceeds their ability to pay, as determined by their school's financial aid office.

##### Qualified Energy Conservation Bond Program:

Qualified Energy Conservation Bonds (QECBs) may be issued as either tax-exempt private activity bonds or governmental purpose taxable bonds. When issued as a governmental purpose taxable bond, QECBs provide the issuer with either a direct or tax credit interest subsidy. QECBs may be issued to finance a broad array of qualified conservation purposes such as capital expenditures, research facilities and research grant programs, mass commuting facilities, public education campaigns, and demonstration projects. There is no sunset date for this program.

The California Transportation Financing Authority (CTFA) was established by Chapter 474, Statutes of 2009 (AB 798), to increase the construction of new capacity or improvements for the state transportation system in a manner that will help meet the state's greenhouse gas reduction goals, air quality improvement goals, and natural resource conservation goals. The CTFA consists of seven members: the State Treasurer (Chairperson), the Director of the Department of Finance, the State Controller, the Director of Transportation, the Executive Director of the California Transportation Commission, a local agency representative appointed by the Senate Committee on Rules, and a local agency representative appointed by the Speaker of the Assembly.

**LEGAL CITATIONS AND AUTHORITY****DEPARTMENT AUTHORITY**

Government Code, Division 3 (commencing with Section 64100) of Title 6.7.

**PROGRAM DESCRIPTIONS**

10 - The California Transportation Financing Authority (CTFA) was established to assist transportation agencies in obtaining financing to develop transportation projects. To meet this objective, statutes allow CTFA to issue, or to approve specified project sponsors to issue, revenue bonds to fund transportation projects backed in whole or in part, by various revenue streams of transportation funds (including toll revenues). Statutes provide CTFA with the authority to approve the imposition and collection of tolls on proposed transportation projects under certain conditions. The planning, programming, and allocation of transportation projects are performed by the California Transportation Commission and the California Department of Transportation, as appropriate.

The California Industrial Development Financing Advisory Commission (CIDFAC) creates employment opportunities and supports local economic development by approving local entities' issuance of Industrial Development Bonds (IDBs). The IDBs provide manufacturers with a low-cost financing option to build, expand, or equip their facilities in California. CIDFAC independently reviews IDB applications to ensure compliance with federal tax law and state statutes and regulations and approves the sale of IDBs by local authorities. Additionally, CIDFAC provides technical assistance to local issuers of IDBs, including cities, counties, industrial development authorities, and joint powers authorities.

### PROGRAM DESCRIPTIONS

#### 10 - CALIFORNIA INDUSTRIAL DEVELOPMENT FINANCING ADVISORY COMMISSION

The core program area is the IDB Program, under which CIDFAC, as required by state law, serves as the mandatory approval agency for local IDB issuers. Once potential borrowers (manufacturers, processing companies, and knowledge-based businesses) apply through their local government agency for low cost tax-exempt financing, CIDFAC carefully reviews the public benefits generated by the proposed project, particularly those benefits associated with job creation, and determines whether these benefits will significantly outweigh any detrimental public effects. Eligible capital expenditures include the acquisition of land, building construction, building renovation, and the purchase of machinery and equipment. Bond proceeds also can be used to cover the cost of architects, engineers, attorneys, permits, and the cost of bond issuance. In addition, bond proceeds can also be used to produce intangible products such as patents, copyrights, formulas, processes, designs, trademarks, and know-how. The local issuer can be a city, county, economic development authority, redevelopment agency, or a joint power authority.

Federal law authorizes the issuance of IDBs in local Empowerment Zone Bonds (EZ Bonds). CIDFAC's EZ Bond Program augments the benefits of the IDB Program to further support economic development in California's most distressed communities. The EZ Bond Program expands the eligibility of borrowers to manufacturers, retailers, and any service that operates in an Empowerment Zone. The EZ Bond Program removes the maximum dollar restriction (applicable to IDBs) on the size of the issuance. There are five federally designated Empowerment Zones in California: Los Angeles, Santa Ana, San Diego, Fresno and an unincorporated section of Riverside County. These communities received this federal designation based on their high unemployment and high poverty rates.

**PROGRAM DESCRIPTIONS****10 - CALIFORNIA TAX CREDIT ALLOCATION COMMITTEE**

The Federal Low Income Housing Tax Credit Program:

Congress authorized the federal program in 1986. It replaced traditional housing tax incentives, such as accelerated depreciation, with a tax credit that enables developers of affordable rental housing to raise project equity through the "sale" of tax benefits to investors.

As of 2012, each state has an annual housing credit ceiling of approximately \$2.20 per state resident, and may qualify for a share of credits available annually in a national pool comprised of states' unused credits. The annual housing credit ceiling is indexed for inflation. Investors can take the annual credit each year for a ten-year period.

The State Low Income Housing Tax Credit Program:

Recognizing the high cost of developing housing in California, the California Legislature authorized the State Low Income Housing Tax Credit Program to augment the federal tax credit program. Specifically, projects that are not receiving an increase in the federal credit basis may apply for and receive state credits. Of the state credit authority amount, \$500,000 annually is available as credit for farmworker housing projects.

The annual state credit ceiling is currently \$101.8 million, indexed for inflation (in addition to any unused or returned credits from previous years). Investors take the state credit over a four-year period in contrast to the ten-year federal allocation period. The full four-year state credit allocated to a project is deducted from the annual state credit ceiling.

Tax-Exempt Bond Financed Program:

Developments financed with tax-exempt bond proceeds may also receive federal tax credit. The sponsors of such projects must apply to the Committee and must conform to applicable federal and state statutory and regulatory requirements, but there is no annual "cap" on the amount of credit that may be awarded by the state to such developments. The annual credit available is based on approximately four percent (instead of the nine percent for projects that are not financed by a federal subsidy) of the "qualified basis" of the development, that is, the costs attributable to the units that will be income and rent restricted for a minimum of 30 years.

Under federal law, credit projects must remain affordable for at least 15 years; however, California's program generally requires maintaining affordability for 55 years. Land use agreements are recorded against each credit project to ensure compliance.

Farmworker Housing Tax Credit Program:

Chapter 521, Statutes of 2008 (SB 1267) folded the previous Farmworker Housing Assistance tax credits into the general State low-income housing tax credit program. While \$500,000 annually continues to be authorized for State tax credits in support of farmworker housing, the program now operates under the rules of the general State low-income housing tax credit program.

**0971 California Alternative Energy and Advanced Transportation Financing Authority**

The California Alternative Energy and Advanced Transportation Financing Authority was established by Chapter 908, Statutes of 1980, as the California Alternative Energy Source Financing Authority, to "promote the prompt and efficient development of energy sources which are renewable or which more efficiently utilize and conserve scarce energy resources." Recognizing the importance of developing a secure energy future to protect the environment and ensure economic stability, the intent of the legislation was to promote energy sources designed to reduce the degradation of the environment. The Authority later became the California Alternative Energy and Advanced Transportation Financing Authority (CAEATFA) in 1994, when the statute was amended to include development and commercialization of advanced

or other items of value.

In 2010, CAEATFA launched a sales and use tax exclusion (STE) program for advanced transportation and alternative source manufacturing in California (SB 71, Chapter 10, Statutes of 2010). In 2012, CAEATFA's STE program was expanded to include advanced manufacturing (SB 1128, Chapter 677, Statutes of 2012), with an annual cap of \$100 million available for STE awards. The objective of CAEATFA's sales and use tax exclusion program is to promote the creation of California-based manufacturing, businesses, and jobs that are aimed to reduce greenhouse gases, air and water pollution, and energy consumption.

In addition, legislation in 2010 (SB 77, Chapter 15, Statutes of 2010) and 2011 (ABx1 14, Chapter 9, Statutes of 2011) has provided CAEATFA with additional statutory authority to provide financial assistance to encourage energy efficiency efforts. Under ABx1 14, CAEATFA developed a loan loss reserve program to assist financial institutions in making loans to homeowners in the state for residential energy efficiency and renewable energy projects.

## 0974 California Pollution Control Financing Authority

The California Pollution Control Financing Authority (CPCFA) provides California businesses with a reasonable method of financing pollution control and other facilities, fosters compliance with government imposed environmental standards and requirements, and assists small businesses with access to capital. Over the last thirty years, CPCFA has evolved to meet California's needs as follows:

- In the solid waste, recycling, water, and wastewater industries through its Pollution Control Tax-Exempt Bond Program.
- For small businesses through the California Capital Access Program (CalCAP).
- With the reuse and redevelopment of brownfields through the California Recycle Underutilized Sites Program (CALReUSE).
- With financial assistance to cities and counties in their community planning and development efforts through the Sustainable Communities Grant and Loan Program (SCGL).

The CPCFA consists of the State Treasurer (Chairperson), the State Controller, and the Director of the Department of Finance.

### PROGRAM DESCRIPTIONS

#### 10 - POLLUTION CONTROL TAX-EXEMPT BOND PROGRAM

The objective of this program is to provide bond financing to California businesses, irrespective of company size, for the acquisition, construction, or installation of qualified pollution control, waste disposal, water furnishing, wastewater treatment, waste recovery facilities, and the acquisition and installation of new equipment. CPCFA financing assists municipalities in complying with waste diversion mandates of the California Integrated Waste Management Act of 1989. As of June 30, 2012, bonds totaling \$13.1 billion have been issued by the CPCFA.

#### 20 - CALIFORNIA CAPITAL ACCESS PROGRAM FOR SMALL BUSINESSES

The objective of this program is to encourage banks and other financial institutions to make loans to small businesses. CalCAP for Small Businesses is a form of loan portfolio insurance that may provide up to 100% coverage on certain loan defaults. By participating in CalCAP, lenders have available to them a proven financing mechanism to meet the financing needs of California's small businesses. The strength of CalCAP rests in its simplicity and its leverage of state funds. The program works through the creation of a loan loss-reserve fund for each participating financial institution. The CPCFA funds this reserve together with the financial institution and the borrower. The reserve serves to reduce loan-loss risk, allowing banks to lend to targeted California small businesses. Chapter 731, Statutes of 2010, appropriated \$6 million General Fund to CalCAP to increase lending efforts, especially in high unemployment areas.

In addition, California was awarded an allocation of federal funds in the amount of \$168.6 million from the federal State Small Business Credit Initiative. CalCAP and the Business, Transportation, and Housing Agency (succeeded by the Governor's Office of Business and Economic Development) equally share this allocation and will have available \$84.3 million each. It is expected that these new funds will lead to a rapid and significant expansion of the CalCAP program. Additional incentives are provided to lend to businesses located in specified economically depressed areas including Enterprise Zones. CalCAP has partnered with the Air Resources Board to assist diesel truck and equipment owners in meeting new clean air requirements. CalCAP has partnered with the Department of Resources, Recycling, and Recovery to assist recycling related businesses.

#### 30 - CALIFORNIA RECYCLE UNDERUTILIZED SITES PROGRAM

This program assists with the reuse and redevelopment of underutilized properties with real or perceived contamination issues (brownfields). CALReUSE addresses a funding and information gap in the development of brownfields to help bring these properties into productive reuse. The CALReUSE Assessment Program provides forgivable loans of up to \$300,000 per brownfield site, or \$500,000 for sites that will ultimately result in housing. The funds assist with brownfield site assessment and characterization, technical assistance, remedial action plans and site access. Eligible projects include sites with potential beneficial reuse not currently redeveloped due to lack of information about real or perceived contamination, uncertainty about clean up costs, or concerns regarding time frames and the regulatory process. Priority is given to projects located in distressed neighborhoods with demonstrated community support. Additionally, Proposition 1C, the Housing and Emergency Shelter Trust Fund Act of 2006, included provisions to fund brownfield cleanup that resulted in the expansion of CALReUSE. The CALReUSE Remediation Program received \$60 million in Proposition 1C funds and provides up to \$5 million per project in loans and grants for the purpose of brownfield cleanup that promotes infill residential and mixed-used development, consistent with regional and local land use plans.

#### 40 - SUSTAINABLE COMMUNITIES GRANT AND LOAN PROGRAM

The objective of this program is to assist cities and counties to develop and implement sustainable development growth policies, programs, and projects. Sustainable Communities Grant and Loan Program has funded specific plans, portions of specific plans, alternative transportation studies, finance plans, redevelopment plans, engineering studies, public projects, and other projects that promote sustainable development principles. The statute authorizing this program expired on January 1, 2012.

## 0977 California Health Facilities Financing Authority

The mission of the California Health Facilities Financing Authority (CHFFA) is to help eligible and credit worthy nonprofit and public health facilities reduce their cost of capital, and promote important California health access, health care improvement and cost containment objectives by providing cost-effective tax-exempt bond, low-cost loan, and direct grant programs.

CHFFA issues revenue bonds to assist eligible private nonprofit corporations or associations, counties, and hospital districts in financing or refinancing the construction or acquisition cost of health facilities or equipment. CHFFA also administers the Children's Hospital Program established by Proposition 61 of 2004 and Proposition 3 of 2008, the Cedillo-Alarcon Clinic Grant Program of 2000, the Anthem WellPoint Grant Program of 2004, the Health Expansion Loan Program II ("HELP II"), and the California Health Access Model Program of 2012 ("CHAMP").

CHFFA was established by Chapter 1033, Statutes of 1979, and consists of nine members: the State Treasurer, the Director of the Department of Finance, the State Controller, two public members appointed by the Senate, two public members appointed by the Assembly, and two public members appointed by the Governor.

**PROGRAM DESCRIPTIONS****30 - CHILDREN'S HOSPITAL PROGRAM**

In 2004, California voters approved Proposition 61, which established the Children's Hospital Program to be administered by CHFFA. Four years later, in 2008, the voters approved a similar proposition (Proposition 3) establishing the second Children's Hospital Program to be administered by CHFFA. The purpose of both programs is to improve the health and welfare of California's critically ill children by providing a stable and ready source of funds for capital improvement projects for children's hospitals.

Children's Hospital Program grant funding is derived from the issuance of general obligation bonds, up to \$750 million under Proposition 61 and \$980 million under Proposition 3. CHFFA has adopted regulations for each program addressing selection criteria and a process for awarding the grants.

Applications and funding will be available through 2014 for Proposition 61 and through 2018 for Proposition 3, or until program funding is exhausted. In the event funding is not exhausted by the deadlines for each proposition, CHFFA will amend the regulations to extend the respective programs. As of June 30, 2012, CHFFA has disbursed \$630.1 million in Proposition 61 funds to twelve hospitals and \$275.9 million in Proposition 3 funds to nine hospitals.

**40 - HEALTH FACILITIES GRANTS AND LOANS**

CHFFA serves as a conduit provider of tax-exempt bonds and a direct provider of financial assistance to health institutions via 1) a loan program referred to as HELP II; 2) two clinic grant programs referred to as Cedillo-Alarcon and Anthem WellPoint; and 3) the newly enacted CHAMP program. With the exception of the CHAMP program governed by Government Code section 15438.10, to qualify for funding under any of the other mentioned programs, the proposed project must be a health facility, operated by a private nonprofit corporation or association, city, city and county, county, or hospital district. Numerous statutes enacted between 1983 and 2002 have since broadened the types of health facilities that may receive financing from CHFFA under these programs.

**Tax-Exempt Bond Program**

CHFFA may authorize an unlimited amount of revenue bond financing. Prior to September 30, 1998, CHFFA was only authorized to have outstanding at any one point-in-time up to \$5.999 billion in tax-exempt revenue bonds. Chapter 1035, Statutes of 1998 eliminated this cap. As of June 30, 2012, bonds and notes in the amount of \$28.7 billion had been issued and \$11.9 billion was outstanding.

Bonds issued under this conduit program are not a debt or liability or a pledge of the full faith and credit of the taxing power of the state or any of its political subdivisions. The full faith and credit of the participating institutions are pledged for repayment of the bonds. The Federal Tax Reform Act of 1986 does not restrict conduit health facility bonds in terms of the state's "private activity" bond limit.

**Clinic Grant Programs**

Chapter 99, Statutes of 2000, established the Cedillo-Alarcon Community Clinic Investment Act of 2000 and allocated \$50 million dollars to CHFFA for the purpose of awarding grants to eligible primary care clinics for capital outlay projects. Funds of approximately \$50 million were disbursed. Residual funds remained and so the Legislature amended the Act in 2005 to authorize CHFFA to disburse the remaining funds to eligible clinics.

\* Dollars in thousands, except in Salary Range.

## 0977 California Health Facilities Financing Authority - Continued

In 2004, as part of the Anthem-Well Point merger, \$35 million dollars was allocated to CHFFA for the purpose of awarding grants to eligible health care facilities providing service to under served communities throughout California. Distribution of these funds was to be accomplished through the same process established for the above referenced Cedillo-Alarcon Community Clinic Investment Act of 2000. In 2005, the Insurance Commissioner entered into an memorandum of understanding with CHFFA authorizing CHFFA to disburse the funds to clinics. Though all funds have been awarded, funds in the amount of \$274,976 remain to be disbursed and are contingent upon the clinics providing relevant documentation evidencing completion of their projects.

Between these two clinic grant programs, as of June 30, 2012, CHFFA has disbursed the sum of \$92 million (including the accumulated interest of roughly \$7 million), to 370 clinics throughout the state.

### HELP II Loan Program

CHFFA administers the Healthcare Expansion Loan Program II (HELP II) to assist small and rural health facilities in obtaining otherwise difficult and costly to obtain financing for their capital needs. The HELP II Financing Program provides three percent (3%), fixed interest loans of up to \$1,000,000 to California's nonprofit small and rural health facilities in an efficient, timely, and cost effective manner. HELP II loans may be used to purchase or construct new facilities, remodel or renovate existing facilities, and purchase equipment or furnishings. Since the program's inception in 1988 and as of June 30, 2012, CHFFA has loaned \$83.7 million to small and rural health facilities. In April 2012, the CHFFA board raised the maximum loan amount facilities can receive under HELP II from \$750,000 to \$1,000,000. Applications are accepted on a monthly basis.

### California Health Access Model Program

Chapter 23, Statutes of 2012, Government Code section 15438.10 authorized CHAMP, a new grant program, intended to support innovative methods of delivering health care services more effectively, and improving access and health outcomes for vulnerable populations and communities by bringing service, including preventative services, to individuals where they live or congregate.

CHAMP's initial grant phase will fund one or more demonstration projects, up to a combined total of \$1.5 million from the Authority's fund balance. If the evaluation of the completed demonstration project(s) demonstrates it is warranted, CHAMP will launch a second phase to support additional grants up to a combined total of \$5 million, also from the Authority's fund balance, so other California communities can implement the same improved methods for delivering services.

### PROGRAM DESCRIPTIONS

10 - The CUWARFA was established to issue up to \$650 million in conduit financing to make loans or acquire title to property and to underwrite or undertake directly a variety of urban waterfront development projects within the coastal zone, the Sacramento-Yolo Port District, the Stockton Port District, and those metropolitan statistical areas meeting specified conditions. The Federal Tax Reform Act of 1986 requires that bonds authorized by CUWARFA generally be within an allocation from the state's "private activity" bond limit in order for the bonds to be federally tax-exempt, unless the issuer

qualifies as a private, nonprofit business.

Financing is available for both publicly and privately sponsored projects that provide visitor-serving facilities, waterfront-dependent industries, public recreation, and erosion control facilities. The State Coastal Conservancy must approve both the specific project and a master plan for urban waterfront restoration before any project can obtain CUWARFA approval for revenue bond financing. The Authority has sold \$3.33 million in revenue bonds to date.

### PROGRAM DESCRIPTIONS

#### 10 - SMART BONDS PROGRAM

Chapter 1438, Statutes of 1985, as amended by Chapter 598, Statutes of 1987, established CSFA and authorized the issuance of \$400 million in revenue bonds or other debt instruments. The proceeds from the sale of the bonds were available for loans to school and community college districts to assist with the acquisition of equipment and new school sites, construction of new facilities, reconstruction of existing facilities, capital improvements, and to provide working capital. Effective January 1, 1997, Chapter 1071, Statutes of 1996, authorized the issuance of an additional \$400 million in revenue bonds per fiscal year for school districts and county offices of education that agreed to guarantee payment of the bonds with Proposition 98 funds. The total outstanding amount may not exceed \$4 billion at any one time. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, the \$400 million annual issuance cap was eliminated. Chapter 325, Statutes of 2006 (AB 2717), allows CSFA to issue debt on behalf of California charter schools for capital improvements and working capital needs. To date, CSFA has issued five note transactions totaling nearly \$31.6 million in borrowing authority for California's charter schools. CSFA also has issued approximately \$52 million in Qualified School Construction Bonds (see below).

### 20 - CHARTER SCHOOL FACILITIES PROGRAM

Chapter 935, Statutes of 2002, as amended by Chapter 587, Statutes of 2003, created the Charter School Facilities Program (CSFP), which provides funding for the new construction, renovation or rehabilitation of charter school facilities. CSFA and the Office of Public School Construction jointly administer the program. CSFP was funded through the Kindergarten-University Public Education Facilities Bond Acts of 2002, 2004, and 2006, for a total of \$900 million. To date, 65 schools have been awarded funding through the program.

The program provides a 50% state subsidy for the charter school facilities project costs, with the balance of the project costs being repaid (to the state) by the charter school in the form of a long-term lease. Recipient charter schools must provide site-based instruction, be deemed financially sound by CSFA, and meet other program eligibility requirements.

### 30 - STATE CHARTER SCHOOL FACILITIES INCENTIVE GRANTS PROGRAM

In 2004, CSFA was awarded a grant under the United States Department of Education's State Charter School Facilities Incentive Grants Program (CFDA 84.282D) to provide California charter schools with assistance for facilities costs. The \$50 million federal grant was allocated over a five-year period to eligible charter schools. Grant funds are used toward a charter school's cost of rent, lease, mortgage or debt service payments for existing or new facilities or toward the costs of acquiring land and constructing or renovating a facility. Grants are awarded to charter schools based on preference points allotted for the percentage of low-income students; percentage overcrowded; not-for-profit status; and demonstrated student performance. Charter schools must, at a minimum, be in good standing with their chartering authority and in compliance with the terms of their charter, provide site-based instruction, and have completed at least one school year of instructional operations to be considered eligible for funding. Additional requirements are listed in the program regulations.

In 2009, CSFA received an additional grant of \$48 million from the United States Department of Education's State Charter School Facilities Incentive Grants Program. The award will be allocated over a five-year period and the program eligibility and criteria are similar to those under the first award of \$50 million. Under this round, CSFA implemented a change in regulations to award preference points for charter schools providing better educational opportunities than surrounding traditional public schools. First time recipients are also given preference as compared to past recipients.

### CHARTER SCHOOL FACILITIES CREDIT ENHANCEMENT GRANT PROGRAM

In 2010, CSFA was awarded a grant of \$8.3 million by the Charter School Facilities Credit Enhancement Grant Program (CFDA 84.354A) authorized under Title V, Part B, Subpart 2 of the Elementary and Secondary Education Act, to enhance credit for charter schools and enable them to access non-federal funds that will address the costs of renovating, acquiring, and constructing school facilities. The grant funds will act as a reserve against any shortfalls in debt service on bonds that are issued by CSFA.

### QUALIFIED SCHOOL CONSTRUCTION BONDS (QSCBs)

The American Recovery and Reinvestment Act of 2009 (ARRA) provided funding for new construction or renovation of school facilities through the use of Qualified School Construction Bonds (QSCBs). Of California's \$1.42 billion in "volume cap" allocation for the issuance of QSCBs, approximately \$141 million was reserved for use by charter schools through the allocation and/or issuance of conduit revenue bonds by CSFA. To date, CSFA has allocated all of the \$141 million. Of the total allocation to charter schools, CSFA has issued \$51.6 million.

### 40 - CHARTER SCHOOL FACILITY GRANT PROGRAM

The Charter School Facility Grant Program provides assistance with rent and lease costs for charter schools that meet specific eligibility criteria. This program targets schools and communities with significant populations of economically disadvantaged students. Eligible charter schools are provided up to \$750 per unit of eligible average daily attendance, not to exceed 75 percent of the total annual facilities rent or lease costs.

### 50 - CHARTER SCHOOL REVOLVING LOAN PROGRAM

New non-conversion charter schools may receive low-interest loans from the Charter School Revolving Loan Program to use for start-up costs. The program provides loans of up to \$250,000 to be paid back over a time period not to exceed five years. The interest collected is deposited into the Charter School Security Fund and may be used to replenish the Charter School Revolving Loan Fund and offset any loan defaults.

**0989 California Educational Facilities Authority**

The mission of the California Educational Facilities Authority (CEFA) is to provide students with better access and broader opportunities in higher education by providing qualified non-profit higher education institutions with the assistance needed to reduce their capital costs of financing academic related facilities through a tax-exempt revenue bond program.

CEFA provides funding to assist private non-profit institutions of higher learning in the expansion and construction of educational facilities. CEFA is also authorized to issue bonds, notes, and other forms of indebtedness to finance the costs of attendance (student loans) at institutions of higher education.

CEFA is a public instrumentality of the state consisting of five members: the Director of the Department of Finance, the State Controller, the State Treasurer, and two public members appointed by the Governor, serving four-year terms or until reappointed or a successor has been appointed.

### PROGRAM DESCRIPTIONS

#### 10 - BOND FINANCING

CEFA issues revenue bonds to assist private educational institutions of higher learning in the expansion and construction of educational facilities. Because it is authorized to issue tax-exempt bonds, the Authority may provide more favorable financing terms to such private institutions than might otherwise be obtainable. Pursuant to Chapter 569, Statutes of 2001, CEFA may include qualifying nonprofit entities as eligible program participants for the construction of student and faculty housing. Bonds issued by CEFA are not a debt, liability, or claim on the faith and credit or the taxing power of the State of California, or any of its political subdivisions. The full faith and credit of the participating institution is normally pledged to the payment of the bonds. Bonds issued for this purpose are not subject to the state's "private activity" bond ceiling as specified in the Federal Tax Reform Act of 1986.

Prior to January 1, 1999, CEFA was authorized to have outstanding at any one time \$2.6 billion in bonds for educational facilities. Pursuant to Chapter 741, Statutes of 1998, effective January 1, 1999, there is now no limitation on the amount of bonds outstanding at any one time. As of June 30, 2012, bonds and notes in the amount of \$10.5 billion have been issued and \$4.3 billion were outstanding.

#### 30 - STUDENT LOAN PROGRAMS

Pursuant to Chapter 917, Statutes of 1995, effective January 1, 1996, the California Student Loan Authority (CSLA) was abolished, and the assets, obligations, and functions were transferred to CEFA. The purpose of the CSLA was to purchase federally reinsured educational loans from eligible lending institutions by issuing tax-exempt revenue bonds, thereby expanding student access to such low-cost federally reinsured loans. Pursuant to Chapter 917, the functions were expanded under CEFA to include direct student lending from proceeds of tax-exempt revenue bonds issued by CEFA. As of June 30, 2012, \$6.8 million in bonds were outstanding, from a total \$265.4 million issued. Bonds for this purpose are subject to the state's "private activity" bond ceiling, as specified in the Federal Tax Reform Act of 1986 and allocated by the California Debt Limit Allocation Committee (CDLAC).

Chapter 318, Statutes of 2005, added the requirement that not-for-profit corporations must seek approval from CEFA before applying for an allocation of a portion of the state's annual private activity volume cap from CDLAC for the purposes of issuing Qualified Scholarship Funding Bonds for Student Loan Programs. This requirement does not pertain to entities that applied to CDLAC prior to January 1, 2006. Bonds issued for student loans are not a debt, liability, or a pledge of the full faith and credit of the taxing power of the state or any of its political subdivisions. This is a trust activity and all operating expenses must be paid from revenues and other moneys available to CEFA.
