MAJOR PROGRAM CHANGES

- California Consumer Financial Protection – The Budget includes \$10.2 million growing to \$19.3 million in 2022-23, in a set-aside item to provide consumers—especially financially vulnerable populations—with more protection against unfair, deceptive, and abusive practices when accessing financial services and products. The expenditure of these funds is contingent upon enactment of statutory changes that authorize the California Consumer Financial Protection Law program. The Administration and Legislature will work together over the summer to finalize the statutory framework needed to implement the program and other changes that aim to improve consumer protection for all Californians. This proposal includes: 1) creating a new Division of Consumer Financial Protection, and a related California Consumer Financial Protection Law, to expand oversight over current and emerging abusive acts and practices that cause consumers financial harm, and promote consumer-focused research and outreach; and 2) establishes an Office of Financial Technology Innovation to study emerging technologies in financial services, including virtual currencies, and to engage with California companies developing new financial products and services.
