

Education

Education programs provide academic services segmented by pre-kindergarten, elementary, secondary, undergraduate and graduate programs as well as credentialing services to ensure schools are staffed with effective instructors. Elementary and secondary instruction is provided to all of California's children to prepare them for higher education or entry into the workforce. Institutions of higher education provide further access to the skills necessary for career goals and participation in a globally competitive workforce, as well as conducting research and providing public services.

6100 Department of Education

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6.2 million students. Administrative branches of the Department include the Executive Branch; the Equity and Access Branch; the Operations and Administration Branch; the Opportunities for All Branch; the Instruction and Measurement Branch; and the Legal and Audits Branch.

The primary duties of the Superintendent and the Department are to provide technical assistance to local school districts and to work with the educational community to improve academic performance. Major goals of the Department include: (a) holding local agencies accountable for student achievement in all programs and for all groups of students, (b) building local capacity to enable all students to achieve to state standards, (c) expanding and improving a system of recruiting, developing, and supporting teachers that instills excellence in every classroom, preschool through adult, (d) providing statewide leadership that promotes effective use of technology to improve teaching and learning, (e) increasing efficiency and effectiveness in the administration of K-12 education, including student record keeping and good financial management practices, (f) providing broader and more effective communication among the home, school, district, county, and state, (g) establishing and fostering systems of school, home, and community resources that provide the physical, emotional, and intellectual support to help students succeed, (h) advocating for additional resources and additional flexibility, (i) providing statewide leadership that promotes good business practices so that California schools can target their resources to serve students, and (j) improving the effectiveness and efficiency of the Department.

Because the Department of Education's programs drive a need for infrastructure investment, the Department has a capital outlay program to support this need. For the specifics on the Department's capital outlay program see "Infrastructure Overview."

6125 Education Audit Appeals Panel

The Education Audit Appeals Panel (EAAP) serves as the neutral arbiter in formal and informal administrative audit appeals by K-12 local educational agencies, correcting errors of fact or law, and applying where appropriate a statutorily defined test of substantial compliance for audits of K-12 local educational agencies. EAAP adopts as regulations, according to a statutory timetable, the audit guide used in those annual audits, including Local School Construction Bond Audits and School Facility Program Bond Fund Audits. EAAP's mission is to set clear standards for compliance with education funding requirements, and allow both the state and local educational agencies to avoid lengthy and expensive litigation over disputed funding.

6300 State Contributions to the State Teachers' Retirement System

The state makes General Fund payments to the California State Teachers' Retirement System (CalSTRS).

The annual General Fund contribution to the CalSTRS Defined Benefit Program is based on 2.017 percent of members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. Current law also provides for an additional state contribution when the Teachers' Retirement Fund has an unfunded obligation for benefits that were in place on July 1, 1990. Chapter 47, Statutes of 2014 (AB 1469), increased this additional state contribution, to be phased in over three years beginning in 2014-15, to 4.311 percent of members' creditable earnings. The Teachers' Retirement Board can increase the state's contribution by 0.5 percent of payroll each year to meet the funding need.

The Supplemental Benefit Maintenance Account (SBMA), established in 1989, provides annual supplemental payments (in quarterly installments) to members whose purchasing power has fallen below a specified percent of the original purchasing power allowance. Chapter 751, Statutes of 2008 (AB 1389), increased the amount of supplemental purchase power protection payments from the SBMA to up to 85 percent of the value of the original benefit. The Teachers' Retirement Board is required to set SBMA benefits between an amount necessary to preserve 80 to 85 percent of retirees' purchasing power, pursuant to CalSTRS regulations, and subject to the availability of funds. The General Fund provides a statutory transfer to the SBMA of an amount equal to 2.5 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year, less a specified amount that is currently capped at \$72 million. Payments are made on October 15 and April 15 of each year. If, at any time, the funds in the SBMA are insufficient to support 80 percent purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no CalSTRS unfunded obligation exists, (2) increase employer contributions, or (3) reduce the SBMA benefit payment.

MAJOR PROGRAM CHANGES

- The Budget includes \$3.4 billion General Fund for state contributions to CalSTRS. The Budget also suspends the authority of the Teachers' Retirement Board to increase the state's contribution in fiscal year 2020-21 pursuant to Education Code section 22955.1. Program 5350 includes \$169 million, which is the value of the increase in state contribution in fiscal year 2020-21 had the Teachers Retirement Board had the authority to increase the state rate. The related savings, as a result of the rate suspension, is accounted for separately and not included in this display. The Budget instead provides CalSTRS a \$297 million supplemental pension payment using Proposition 2 debt repayment funding, as displayed in Program 9990 and as described below.
- In addition to the state's statutorily-required annual contribution, the Budget includes a \$297 million supplemental pension payment to CalSTRS in 2020-21. Education Code section 22955.2 authorizes the state to make supplemental pension payments to CalSTRS towards the state's share of the unfunded liability for the Defined Benefit Program. Approximately \$2.9 billion is scheduled to be paid over fiscal years 2019-20 through 2023-24 using available Proposition 2 debt payment funding.

6350 School Facilities Aid Program

The School Facilities Aid Program provides financing to local educational agencies for K-12 school facility-related activities such as school construction, modernization, and emergency repairs. This program is administered by the State Allocation Board, which is staffed by the Office of Public School Construction within the Department of General Services.

The Leroy F. Greene School Facilities Act of 1998, Chapter 407 of the Statutes of 1998 (SB 50), created the School Facility Program (SFP) to streamline school construction funding. Since 1998, California voters have approved over \$42 billion in statewide general obligation bonds to construct or renovate public school classrooms through the SFP. These funds primarily support the construction and modernization of school facilities, however, voters have supported funding other programs through the SFP including, but not limited to: (1) charter school facility grants, (2) career technical education grants, (3) overcrowding relief projects, (4) high performance incentive grants, (5) joint-use projects, (6) critically overcrowded schools grants, and (7) seismic mitigation grants. Proposition 51, approved by voters in November 2016, authorized a total of \$7 billion in state general obligation bonds for school construction projects. These funds will be allocated amongst various existing programs including \$3 billion for new construction, \$3 billion for modernization, \$500 million for charter schools, and \$500 million for career technical education projects.

The 2018 Budget Act provided one-time General Fund to support the Full-Day Kindergarten Facilities Grant Program to help school districts address the facility costs associated with providing full-day kindergarten programs. The Full-Day Kindergarten Facilities Grant Program is also administered by the State Allocation Board.

PROGRAM DESCRIPTIONS**5381 - PREPARATION AND LICENSING OF TEACHERS**

This program is responsible for setting the standards for educator preparation and teaching performance in California to ensure a quality teaching workforce for California's K-12 students.

The Certification Division is responsible for evaluating and processing approximately 281,000 applications annually for credentials, permits, certificates, and waivers for authorization to serve in California's public schools. The Division serves as the primary point of contact for the Commission, providing information to credential applicants and holders and credential personnel at the college, university, county, and school district level regarding specific requirements for the licenses issued.

The Professional Services Division is responsible for: (1) the development of licensure standards for all credential areas, aligned with the adopted K-12 content standards, (2) the development and implementation of licensing examinations, including the teaching performance assessment, as required in the Education Code, (3) supporting the Commission with analysis and development of policy, and (4) administration of state-funded teacher preparation grant programs. The Division supports the Committee on Accreditation, a statutory body that is charged with implementing the Commission's accreditation system to monitor the quality of all educator preparation programs. The accreditation system involves educators in the evaluation of program quality through biennial reports, program review, and site visit activities. Related activities include initial program approval, data collection, reporting, and policy research. The Division is also responsible for monitoring certificated assignments in collaboration with county offices of education.

The Division of Professional Practices is responsible for the discipline of credential applicants and holders, and provides legal advice to the Commission, the Committee of Credentials, and the Commission's management team. The Committee of Credentials is a statutory body that is responsible for investigations of alleged misconduct against credential holders and applicants. The investigations generally originate from information provided by employing school districts, on misconduct disclosed on an application, and as a result of criminal convictions.

5382 - ATTORNEY GENERAL LEGAL SERVICES

This program provides funding for the Office of the Attorney General to represent the Commission in credential holder discipline cases as they progress through the administrative hearing process.

5383 - ACCREDITATION STREAMLINE PROJECT

The Accreditation Streamline Project provides a publicly accessible data warehouse containing information about teacher preparation programs and educator candidates through a user friendly visualization interface.

5384 - EDUCATOR PERFORMANCE ASSESSMENTS

This program supports development and implementation of Performance Assessments for credential candidates in preparation programs that lead to a teaching or administrative services credential. In addition to ensuring that credential candidates are prepared to enter the teaching profession or serve as a school administrator, candidate scores from these assessments will be included in the accreditation system for program quality assessment.

6440 University of California

The University of California (UC) provides instruction in undergraduate, graduate professional, and graduate academic programs through the doctoral degree level; research; education for professional careers; and public service.

UC was founded in 1868 as a public, state-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust to be administered by the Regents of the University of California. The Board of Regents includes the following 26 members: 7 ex officio members, 18 members appointed by the Governor with the approval of the Senate for 12-year terms, and 1 student appointed by the Board. The Governor is President of the Regents.

The 1960 Master Plan for Higher Education designates UC as the primary state-supported academic agency for research. In addition, the university serves students at all levels of higher education in California and is the public segment primarily responsible for awarding the doctorate and several professional degrees, including in medicine and law.

There are ten UC campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Nine of these are general campuses that offer undergraduate, graduate, and professional education. The San Francisco campus is devoted exclusively to the health sciences. The university operates five teaching hospitals and administers more than 800 research centers, institutes, laboratories, and programs. It also oversees one United States Department of Energy laboratory and partners with private industry to manage two other Department of Energy laboratories.

The Regents appoint a university president, who is typically responsible for overall policy development, planning, and resource allocation. The ten UC chancellors are responsible for management of the individual campuses. The Regents have delegated authority to the Academic Senate, including responsibility for policies on admissions and academic programs.

6440 University of California - Continued**PROGRAM DESCRIPTIONS**

5440 - This program provides support for the university. Expenditures are for the following purposes:

INSTRUCTION**General Campuses**

This program includes direct instructional resources associated with the schools and colleges located on the general campuses. Classroom and laboratory instruction, instructional technology, online education, and joint scholarly research activities of students and faculty are included.

Health Sciences

This program includes instruction in 19 schools that provide education in various health fields to students preparing for careers in health care, teaching, and research. The health science schools are located on seven campuses and include six schools of medicine (Davis, Irvine, Los Angeles, Riverside, San Diego and San Francisco), two schools of dentistry, four schools of nursing, three schools of public health, two schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, programs in medical education are conducted at Berkeley, Fresno, and the Charles R. Drew University of Medicine and Science in Los Angeles.

Summer Session

This program includes instruction for non-matriculated students who enroll in summer sessions.

University Extension

This program includes classes, hybrid instructional programs, short courses, seminars, conferences, field studies, online education, and similar activities throughout the state and in several foreign countries. University Extension has open enrollment courses for individuals as well as organizational partnerships supported by contracts and grants with the state and public agencies, non-profit organizations, and private companies. University Extension's offerings are often designed to serve the continuing educational needs of working professionals. University Extension offers certificate programs and undergraduate and graduate transferable degree credit.

RESEARCH

This program includes research activities. The university is designated by the 1960 Master Plan for Higher Education as the primary state-supported academic agency for research.

PUBLIC SERVICE

This program includes a broad range of activities organized by the university to serve students, teachers, and staff in K-12 schools and community colleges, as well as the public in general. The program includes student academic preparation programs and educational partnerships. In these programs, the university works with schools and other partners to help certain groups of students meet the standards of academic preparation needed to be successful in higher education and the workforce. The program also includes UC Cooperative Extension, which provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, and community resource development. Campuses also conduct other public service programs, such as arts and lecture programs and student-initiated community service projects. This program also includes a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

ACADEMIC SUPPORT**Libraries**

This program includes the university libraries, which identify, acquire, and share publications and scholarly materials in all formats.

Academic Support

This program includes activities organized and operated in connection with educational departments and conducted as a basic support for the departments' educational programs.

The program includes facilities that are extensions of the health sciences schools and provide both clinical experience and community health services, including dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco; a veterinary medicine teaching facility at Davis and the San Joaquin Valley; an optometry clinic at Berkeley; and two occupational health centers providing services throughout northern (Berkeley, Davis, and San Francisco) and southern (Irvine and Los Angeles) California.

The program also includes vivaria, which provide centralized facilities for ordering, receiving, and caring of all animals necessary for teaching and research in the biological sciences; support for arts through direct sponsorship of museums,

6440 University of California - Continued

galleries, performances, and exhibits; support of specialized physical science and engineering projects; and support for professional journals. In addition, a laboratory school in Los Angeles facilitates experimentation, research, and teacher professional development in the field of education.

TEACHING HOSPITALS

This program includes the operation of five academic medical centers in Irvine, Los Angeles, Sacramento, San Diego, and San Francisco. A critical mission of the medical center hospitals is to support the clinical teaching programs of the University's health professional schools. The medical centers provide inpatient and outpatient health care services and are research sites for the development of new diagnostic and therapeutic techniques.

STUDENT SERVICES

This program includes activities that contribute to students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instructional program. Elements of these programs are supplementary educational services, social and cultural activities, counseling and career guidance, student health services, student admissions and records, and financial aid administration.

INSTITUTIONAL SUPPORT

This program includes police, accounting, payroll, human resources, administrative computing, materials management, environmental health and safety, and publications. The program also includes the planning, policymaking, and coordination activities that occur within the offices of the chancellors, the university president, and the Regents.

OPERATION AND MAINTENANCE OF PLANT

This program includes the operation and maintenance of the university's physical plant, including site infrastructure, buildings, and related fixed equipment. The program includes purchased utilities, utilities operations, building and grounds maintenance, refuse, and janitorial services, as well as related administrative and support services.

STUDENT FINANCIAL AID

This program includes financial aid, such as grants, scholarships, loans, work-study, veterans' benefits, traineeships, and fellowships.

AUXILIARY ENTERPRISES

This program includes non-instructional services provided to students, faculty, staff, and other individuals who pay specific user charges or fees. Certain activities are both student services and auxiliary enterprises, such as student housing, food services, bookstores, parking, and portions of some intercollegiate athletics.

PROVISIONS FOR ALLOCATION

This program is a temporary repository for lump-sum appropriations that are allocated: (1) from systemwide provisions to campus provisions and (2) from campus provisions to operating programs and subprograms from which expenditures will occur. The program may include funds for academic position upgrades, staff reclassifications, price adjustments, employee benefit adjustments, debt service, and university endowment income.

EXTRAMURAL PROGRAMS

This program includes activities supported by fund sources defined as non-budgeted due to the limited life of the funding source.

DEPARTMENT OF ENERGY LABORATORY

This program includes management of the Lawrence Berkeley National Laboratory.

6445 California Institute for Regenerative Medicine

Proposition 71, the California Stem Cell Research and Cures Act, was approved by California voters on November 2, 2004, providing \$3 billion in general obligation bond funding for stem cell research conducted at California universities, research institutions, and companies. It also established the California Institute for Regenerative Medicine to make grants and loans for stem cell research. The Institute's mission is to accelerate stem cell treatments to patients with unmet medical needs.

The Independent Citizen's Oversight Committee is the 29-member governing board for the Institute. The members are public officials, appointed on the basis of their experience earned in California's leading universities, non-profit academic and research institutions, patient advocacy groups, and the life sciences biotechnology industry.

6600 Hastings College of the Law - Continued**PROGRAM DESCRIPTIONS**

5530 - This program provides support for Hastings. Expenditures are for the following purposes:

INSTRUCTION

Instruction includes activities intended to prepare students for their responsibilities to the community as members of the legal profession through theoretical instruction, practical experience, specialized training as lawyers, and support services.

The principal objectives are to: (1) develop in the students the required competency in substantive law demanded by the legal profession; (2) develop students' skills in legal and interdisciplinary research, writing, and communication; (3) provide students with skills for independent and critical analyses and assessments of legal issues; (4) instill in students a level of professionalism for competent participation in the legal profession; and (5) allow students to describe the roles and responsibilities of lawyers in overcoming obstacles to legal access and in promoting social justice.

ACADEMIC SUPPORT--LAW LIBRARY

The law library includes activities intended to support the legal education curriculum by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, moot court, trial practice, legal clinic assignments, and to support legal scholarship. The law library also supports the legal research needs of the larger community, including local attorneys.

STUDENT SERVICES

Student services include admissions, records, financial aid, instructional resources, career services, the Academic Support Program, the Legal Education Opportunity Program (LEOP), and the Disability Resource Program. These offices provide students a system for application and admission to the law school and information about academic performance, and assist students in securing financial assistance to complete the instructional program and in identifying employment opportunities. These activities include academic advising, accommodations for students with disabilities, the Academic Support Program (which provides instruction in analysis and writing), and the LEOP program (which provides tutorials and other services to supplement regular instructional activities for certain students).

INSTITUTIONAL SUPPORT

Institutional support includes executive management and management support, human resources, fiscal services, public safety, community relations, and administrative services.

OPERATION AND MAINTENANCE OF PLANT

Operation and maintenance of plant includes the management of the physical environment, as well as the planning and administration of maintenance and renovation activities for the college's plant.

EXTRAMURAL

Extramural programs include activities that are not essential to core operations but enhance the mission of the college. These include student housing, student health services, and the parking garage.

6610 California State University - Continued

The California State University (CSU) is comprised of 23 campuses. All campuses offer undergraduate and graduate instruction for professional and occupational goals and liberal arts education programs. For undergraduate programs, each campus requires a basic program of general education regardless of the major selected by the student. In addition to master's-level graduate programs, the CSU offers doctoral-level programs in education, nursing practice, physical therapy, and audiology. The CSU also offers some doctoral degrees jointly with the University of California and with private institutions.

The university is governed by the Board of Trustees, which includes the following 25 members: 5 ex officio members, 16 members appointed by the Governor to eight-year terms, 3 members appointed by the Governor to two-year terms (2 student representatives, 1 voting and 1 non-voting, and 1 faculty representative), and 1 alumni representative appointed to a two-year term by the CSU Alumni Council. The Trustees appoint the Chancellor and the campus presidents. The Trustees, the Chancellor, and the presidents develop systemwide policy. The systemwide Academic Senate, made up of elected faculty representatives from the campuses, recommends academic policy to the Board of Trustees through the Chancellor.

The CSU's goals include to:

- Advance and extend knowledge, learning, and culture, especially throughout California.
- Prepare significant numbers of educated, responsible people to contribute to California's schools, economy, culture, and future.
- Offer undergraduate and graduate instruction leading to bachelor's and higher degrees in the liberal arts and sciences, applied fields, and the professions, including the doctoral degree when authorized.
- Prepare students for international, multi-cultural society.
- Provide public services that enrich the university and its communities.

AUXILIARY ENTERPRISES

An auxiliary enterprise exists to furnish goods or services to students, faculty, or staff, other institutional departments, or incidentally to the general public, and charges a fee directly related to the cost of the goods or services. The distinguishing characteristic of an auxiliary enterprise is that it is managed as an essentially self-supporting activity. Examples are residence

6645 CSU Health Benefits for Retired Annuitants

This program provides funding for health benefit services for retired California State University employees and their dependents.

The program began on January 1, 1962, with an employer contribution of \$5.00 per month toward the cost of a basic health plan. Since then, major medical plans, Medicare, and plans supplementing Medicare have been developed.

The 2019-20 employer contribution for health premiums maintains the average 100/90 percent contribution formula established

* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

6645 CSU Health Benefits for Retired Annuitants - Continued

in Government Code section 22871 for members hired on and prior to June 30, 2017, with five years of service or for members hired on or after July 1, 2017, with ten years of service. Under this formula, the state averages the premiums of the four largest health benefit plans to calculate the maximum amount the state contributes towards retiree health benefits. The state also contributes 90 percent of this average towards the health benefit costs of each of the retiree's dependents.

The retiree is responsible for paying all health benefit plan costs that exceed the state contribution. Premiums are determined on a calendar-year basis; therefore, the state contribution will vary during the fiscal year. The 2019 monthly contribution maximums are \$734 for a single enrollee, \$1,398 for an enrollee and one dependent, and \$1,788 for an enrollee and two or more dependents. The 2020 monthly contribution maximums are \$767 for a single enrollee, \$1,461 for an enrollee and one dependent, and \$1,868 for an enrollee and two or more dependents.

6870 Board of Governors of the California Community Colleges

The Board of Governors of the California Community Colleges was established in 1967 to provide statewide leadership to California's 73 community college districts, which operate 115 community colleges. The Board has 17 members appointed by the Governor, subject to confirmation by the Senate. Twelve members are appointed to six-year terms, and two student members, two faculty members, and one classified member are appointed to two-year terms.

The objectives of the Board are to:

- Provide direction and coordination to California's community colleges.
- Apportion state funds to districts and ensure prudent use of public resources.
- Improve district and campus programs through informational and technical services on a statewide basis.

Because community college programs drive the need for infrastructure investment, each community college district has a related capital outlay program to support this need. For specifics on the community college capital outlay program, see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- Staff for Working Group on Community College Athlete Compensation—An increase of \$700,000 one-time non-Proposition 98 General Fund for the CCC Chancellor's Office to contract with an external organization to staff a working group on a community college athlete's use of the athlete's name, image, and likeness for compensation, pursuant to Chapter 383, Statutes of 2019 (SB 206).
- 2019-20 Deferrals—A deferral of approximately \$330.1 million Proposition 98 General Fund of community college apportionments from 2019-20 to 2020-21.
- 2020-21 Deferrals—A deferral of approximately \$662.1 million Proposition 98 General Fund of community college apportionments from 2020-21 to 2021-22.
- 2020-21 Deferrals Subject to Control Section 8.28—As a result of the COVID-19 Recession and absent the receipt of additional federal funds to assist the state with the fiscal crisis, reductions are necessary to balance the state budget. To the extent the federal government provides sufficient federal funds by October 15, 2020, which are eligible for purposes identified below, funds will be appropriated for the 2020-21 fiscal year as follows:
 - A deferral of approximately \$791.1 million Proposition 98 General Fund of community college apportionments from 2020-21 to 2021-22.
- COVID-19 Response Block Grant for CCCs—A one-time increase of approximately \$120.2 million, which is comprised of approximately \$54 million from the Coronavirus Relief Fund (CARES Act) and approximately \$66.3 million Proposition 98 General Fund, for a COVID-19 Response Block Grant for the community colleges to support student learning and mitigate learning loss related to the COVID-19 pandemic.
- Dreamer Resource Liaisons—An increase of \$5.8 million Proposition 98 General Fund to fund Dreamer Resource Liaisons and student support services, for immigrant students, including undocumented students in community colleges, pursuant to Chapter 788, Statutes of 2019 (AB 1645). These services provide an opportunity to address disparities and advance economic justice by supporting educational attainment, career pathways and economic mobility for students who may face barriers related to their immigration status.
- Legal Services—An increase of \$10 million ongoing Proposition 98 General Fund to provide legal services to immigrant students, faculty, and staff on community college campuses.
- Calbright College—A decrease of \$5 million ongoing Proposition 98 General Fund for Calbright College, and a decrease of \$40 million one-time Proposition 98 General Fund provided to Calbright College that is redirected to offset apportionments costs for 2020-21.
- Revised CalPERS/CalSTRS Contributions—To provide local educational agencies with increased fiscal relief, the Budget redirects \$2.3 billion appropriated in the 2019 Budget Act to CalSTRS and CalPERS for long-term unfunded liabilities to further reduce employer contribution rates in 2020-21 and 2021-22.
- CCC Facilities—An increase of general obligation bond funding of \$223.1 million, including \$28.4 million to start 25 new

capital outlay projects and \$194.7 million for the construction phase of 15 projects anticipated to complete design by spring 2021. This allocation represents the next installment of the \$2 billion available to CCCs under Proposition 51.

- Local Property Tax Adjustment—A decrease of \$60.9 million Proposition 98 General Fund as a result of increased offsetting local property tax revenues.
- Food Pantries—The Budget enacts statutory changes to support food pantries within available Student Equity and Achievement Program funding.

PROGRAM DESCRIPTIONS

5755 - FINANCIAL AID GRANTS PROGRAM

This program provides grants and other kinds of financial aid to help undergraduate and graduate students enrolled at eligible institutions pay for educational expenses. The financial aid programs are described below.

CAL GRANT PROGRAM

Cal Grant entitlement awards are guaranteed to students who graduate from high school and meet financial, academic, and other general program eligibility requirements. The California Community College transfer entitlement awards are guaranteed to certain community college students who have a community college grade point average (GPA) of at least 2.4 on a four-point scale.

Cal Grant competitive awards are available to applicants who meet financial, academic, and general program eligibility requirements. Half of these awards are offered to those applicants who did not receive an entitlement award and meet a March 2 deadline. The remaining awards are offered to students who are enrolled at a California community college and meet a September 2 deadline.

Cal Grant A provides funding for tuition and fees to eligible low-income high school graduates who have at least a 3.0 GPA on a four-point scale.

Cal Grant B provides funding to eligible low-income high school graduates who have at least a 2.0 GPA on a four-point scale. The award is for books and living expenses for the first year. Beginning with the second year, the award also provides funds for tuition and fees.

The maximum tuition award for Cal Grant A and B recipients is equal to the mandatory systemwide tuition and fees at the University of California (UC) and the California State University (CSU). The annual Budget Act sets the award amount for recipients attending private nonprofit or private, for-profit institutions that are accredited by the Western Association of Schools and Colleges (WASC), and the award for recipients attending private, for-profit institutions that are not WASC-accredited.

The Cal Grant C Program provides funding for eligible low-income students in occupational or technical training.

The Cal Grant Students with Dependent Children Access Award Supplement provides or increases access awards for students with dependent children attending the UC, CSU, or a California Community College.

The Cal Grant B Service Incentive Grant Program provides grants to undocumented Cal Grant B recipients who are exempt from paying nonresident tuition and complete community or volunteer service at a qualifying organization.

MIDDLE CLASS SCHOLARSHIP PROGRAM

The Middle Class Scholarship Program provides a scholarship to certain UC and CSU students of no more than 40 percent of the UC or CSU mandatory systemwide tuition and fees.

OTHER GRANT PROGRAMS

The California Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth who are enrolled in college or vocational school at least half-time. New and renewal awards are made based on available funding.

The California Military Department GI Bill Award Program provides funding for active members of the California National Guard, the State Military Reserve, or the Naval Militia who seek a certificate, degree, or diploma. Recipients attending the UC, CSU or a private institution may receive up to the amount of a Cal Grant A award. Recipients attending a community college may receive up to the amount of a Cal Grant B award. An award used for graduate studies may not exceed the maximum amount of a Cal Grant A award plus \$500 for books and supplies.

The Law Enforcement Personnel Dependents (LEPD) Scholarship Program provides college grants equivalent to Cal Grant amounts to dependents of California law enforcement officers, officers and employees of the Department of Corrections and Rehabilitation, and firefighters killed or permanently disabled in the line of duty.

The Golden State Teacher Grant Program provides one-time grants of \$20,000 to students enrolled in a teacher preparation program who commit to teaching in high-need fields at a qualifying school.

LOAN ASSUMPTION PROGRAMS

The Assumption Program of Loans for Education (APLE) issues agreements for loan assumptions to students and district interns who are pursuing careers in teaching and credentialed teachers teaching at certain schools. A participant who teaches

a total of four years can receive up to \$11,000 for outstanding student loans. APLE participants who teach in the areas of math, science, or education specialist instruction in a school ranked in the lowest 60 percentile of the API may receive an additional \$1,000 per year in loan assumption benefits. Participants meeting this requirement who provide teaching service in a public school ranked in the lowest 20 percentile of the API may receive an additional \$1,000 per year. The total possible loan assumption benefit is \$19,000.

The State Nursing Assumption Program of Loans for Education for Nursing Faculty (SNAPLE NF) allows the state to issue agreements for loan assumption to persons who have completed at least a baccalaureate degree in nursing or a field related to nursing and agreed to teach at one or more regionally-accredited, eligible California colleges or universities. A participant can receive up to \$8,333 annually for three years toward outstanding student loans for a total loan assumption of up to \$25,000.

The John R. Justice Program provides loan repayments to eligible recipients currently employed as California prosecutors or public defenders who commit to continued employment in that capacity for at least three years. Recipients may receive up to \$5,000 of loan repayment disbursed annually to their lending institutions.

OUTREACH PROGRAMS

Cal-SOAP also assists the matriculation of community college students to four-year institutions.

Cash for College provides financial aid workshops to assist low-income students with completing the Free Application for Federal Student Aid and the Cal Grant GPA Verification Form and understanding financial aid.

5770 - EVERY KID COUNTS ACT

The Every Kid Counts Act Program provides local and regional organizations with funds to match investment in or incentives for individual family college savings accounts and establishes outreach efforts to educate families about local college savings accounts.
