

3540 Department of Forestry and Fire Protection

The Department of Forestry and Fire Protection (CAL FIRE) provides all hazard—fire, medical, rescue, and disaster—emergency response to the public and provides leadership in the protection of life, property, and natural resources in California.

CAL FIRE safeguards the public through: engineering; research, development and adoption of regulations; fire and life safety programs; fire prevention, law enforcement, and public information and education; resource protection; and emergency response.

CAL FIRE limits the damage caused by fires, disasters, environmental degradation, and related emergencies by employing diverse yet complementary efforts, including: training California's fire service professionals, public education and prevention awareness, responsible stewardship of our natural resources, and natural resource and emergency management.

CAL FIRE cultivates mutually beneficial and cost-effective relationships with all levels of government and the private sector to enhance the efficiency and effectiveness of public safety programs and mitigate emergencies in the urban, rural, and wildland areas of California.

Because CAL FIRE's programs drive a need for infrastructure investment, CAL FIRE has a capital outlay program to support this need. For the specifics on the CAL FIRE's capital outlay program see "Infrastructure Overview."

MAJOR PROGRAM CHANGES

- Wildfire and Forest Resilience Package: CAL FIRE Forest Health and Fire Prevention Programs and Projects—Chapter 14, Statutes of 2021 (SB 85) provided \$346 million one-time General Fund and Greenhouse Gas Reduction Fund in 2020-21 as a part of a comprehensive package to increase the pace and scale of forest health activities and reduce wildfire risk. In total, the Budget includes a \$1.5 billion wildfire prevention and forest resilience investment over three years (\$536 million in 2020 21, \$458 million in 2021-22, and \$500 million in 2022 23). Allocations for the 2021-22 and 2022-23 budgets will be determined in subsequent legislation.
- Emergency Preparedness & Response: CAL FIRE Fire Crews—\$136.8 million General Fund in 2021-22 and \$115.9 million ongoing General Fund to support additional fire crews to enhance CAL FIRE's fire prevention and suppression capabilities.
- Deferred Maintenance—\$50 million one-time General Fund in 2021-22 for deferred maintenance projects.
- Fire Protection Augmentation (July through December)—\$38.9 million one-time General Fund in 2021-22 to continue a firefighter surge provided in April through the rest of the extended fire season.

* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

3540 Department of Forestry and Fire Protection - Continued

- Defensible Space Inspections (AB 38)—\$8.3 million General Fund in 2021-22 and \$6.1 million ongoing General Fund for defensible space inspectors to meet anticipated defensible space compliance workload resulting from Chapter 391, Statutes of 2019 (AB 38).
- Wildland Firefighting Research Grant—\$5 million one-time General Fund in 2021-22 to provide a research grant to California

PROGRAM DESCRIPTIONS

2461 - STATE FIRE MARSHAL

The Office of the State Fire Marshal is responsible for the statewide protection of life and property through the development and application of fire protection engineering, education, and enforcement.

2461010 - Office of the State Fire Marshal (OSFM):

- **Code Development and Analysis:** Objectives include the development and adoption of codes relating to fire/life safety used statewide by architects, engineers, design professionals, and the local fire and building authorities. The Code Development and Analysis Division fosters, promotes, and develops ways and means of protecting life and property against fire in many ways, including the adoption and implementation of regulations for statewide application. This division prepares the OSFM fire and life safety regulations and building standards for review and adoption into the California Code of Regulations, titles 19 and 24. The division assists local fire departments, fire districts, and building departments with the application of state laws and regulations.
- **Fire and Life Safety:** This program is the main entity within the department that is responsible for the application of laws and regulations related to fire prevention and life safety. The OSFM is responsible for fire and life safety for state-owned and specified state-occupied facilities. The Fire and Life Safety Division meets its mission through conducting code compliance inspections of new and existing buildings and plan review and construction inspections of all projects on state-owned and specified state-occupied properties.
- **Fire Engineering and Investigations:** This division administers licensing programs and provides services for product evaluation, certifications, and listings. This division also oversees the Arson and Bomb Unit, which has the responsibility to dispose of seized illegal fireworks and conduct fire/explosion investigations and licensing enforcement. The division is responsible for 11 statewide programs, which include: Building Materials Listing; Portable Fire Extinguishers; Flame Retardant Chemicals and Fabrics; Vapor Recovery; Automatic Fire Extinguishing Systems; Fire Safe Cigarettes; Licensing Enforcement and Inspection; Lab Accreditation; Motion Picture and Entertainment; Arson and Bomb Investigation; and Fireworks Disposal. This division's primary functions are licensing, product approval, fire/explosion investigations, and licensing enforcement.
- **Pipeline Safety:** This program oversees the safe construction, operation, and maintenance of approximately 5,900 miles of intrastate hazardous liquid pipelines that transport crude oil, refined products (e.g., gasoline, diesel, jet fuel, etc.), and Highly Volatile Liquids (HVL) through populated urban areas, ecologically sensitive areas, and other high consequence areas. Pipelines that fall under the Pipeline Safety Division authority are pipelines that transport hazardous liquids between facilities, such as offshore platforms, production fields, refineries, storage terminals, and marine terminals. This program is also charged with conducting investigations related to failures, explosions, and fires that impact intrastate pipelines and assisting on other various investigations related to interstate pipelines.
- **State Fire Training:** This program administers the California Fire Service Training and Education System and the Fire Service Training and Education Program for federal, state, and local firefighters. The program oversees a California Fire Academy System, which consists of over 60 training academies that are administered through partnerships between fire departments, community colleges, and the OSFM. The State Fire Training Program administers a professional certification system for fire service personnel and receives program guidance from the State Board of Fire Services.

2461019 - California Underground Facilities Safe Excavation Board:

The Dig Safe Board was created by the passage of Chapter 809, Statutes of 2016 (SB 661) to work on issues related to the state's "Call Before You Dig" law, which requires excavators and buried infrastructure owners to coordinate to prevent infrastructure damage and unsafe outcomes. The Dig Safe Board is charged with coordinating the state's safe excavation

* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

3540 Department of Forestry and Fire Protection - Continued

outreach and education efforts, developing safe excavation standards, investigating accidents, and working with partner state agencies to enforce the "Call Before You Dig" law.

2465 - FIRE PROTECTION

CAL FIRE provides fire protection services to help limit damages to life, property, and natural resources. The objective is to quickly and aggressively attack fires in areas where CAL FIRE has assumed primary direct protection responsibility by virtue of law, contract, or agreement until the fire is under control. The level of initial attack and follow-up action is relative to values threatened and control difficulty, with the goal to control all unwanted fires under CAL FIRE's jurisdiction within the first operational period.

2465010 - Fire Prevention:

This program is responsible for implementation of the Strategic Fire Plan, fire engineering, law enforcement, fire suppression cost recovery, and fire prevention education. This program focuses on the most effective methods, materials, and procedures to mitigate hazards and to enforce pertinent laws that deter and mitigate fires. More specifically, efforts focus on what needs to be done before a wildland fire starts in order to reduce the costs of firefighting, property loss, injury to the public and firefighters, and damage to the environment.

2465019 - Fire Control:

The objective of this program is to detect, respond to, and suppress wildland fires in or threatening the State Responsibility Area using an aggressive initial attack strategy. CAL FIRE's goal is to contain 95 percent of all wildfires to 10 acres or less. This is achieved through detection, ground attack, air attack and mutual aid using fire engines, fire crews, bulldozers, helicopters, and fixed wing aircraft.

2465028 - Cooperative Fire Protection:

CAL FIRE provides a full range of fire protection services to local, county, state, and federal agencies throughout California through the administration of over 100 cooperative fire protection agreements. Additionally, there are 6 long standing agreements wherein counties provide wildland fire protection on behalf of CAL FIRE.

2465037 - Conservation Camps:

CAL FIRE, in cooperation with the Department of Corrections and Rehabilitation, Divisions of Adult Operations and Juvenile Justice, operates 30 conservation camps throughout the state that house fire crews. CAL FIRE also operates 4 Fire Centers with the California Conservation Corps (CCC) throughout the state that house 12 fire crews, and there are an additional 4 fire crews as part of the Ventura Training Center Program. These crews provide one of the primary labor forces for firefighting, emergency response, and conservation-related work projects.

2465046 - Emergency Fire Suppression:

CAL FIRE incurs additional emergency fire suppression expenditures when budgeted initial attack forces are unable to cope with a wildland fire within the initial attack period. Portions of these costs may be reimbursed in the fiscal year the expense was incurred or in a future fiscal year via Fire Management Assistance Grants provided by the Federal Emergency Management Agency or through cost shares provided by other government entities. In addition, CAL FIRE may recover portions of this cost through civil cost recovery actions authorized by state statutes.

2470 - RESOURCE MANAGEMENT

California's state and private forest, range, watershed lands, and urban forests provide multiple human, climate, and environmental benefits. The objective of this program is to maintain and enhance those benefits and to minimize damage to these resources from natural catastrophes and human development. Objectives are met by the regulation of timber harvesting, coordination of climate and forest restoration related activities for the forest sector, technical assistance to non-industrial landowners, operation of state demonstration forests, operation of forest nurseries, vegetation management projects, and administration of federal forestry assistance programs.

2470010 - Resources Protection and Improvement:

The objective of this program is to improve forest lands and urban forests. Activities include: (1) pest detection, evaluation, and management; (2) growing and selling tree seedlings for reforestation, carbon sequestration, and soil erosion control; (3) maintenance of a native conifer seed bank; (4) advice and assistance to non-industrial forest landowners on the management of forests and improved harvesting and conservation practices; (5) research on and demonstration of sustainable forestry in state forests; (6) implementation of the California Forest Improvement Act of 1978; (7) technical assistance and grants to foster the environmental, social, and economic benefits of urban forests consistent with the California Urban Forestry Act of 1978; and (8) purchasing and monitoring working forest conservation easements per the California Forest Legacy Act of 2008. In the area of vegetation management, assistance is provided to public and private landowners to achieve land use

* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

3540 Department of Forestry and Fire Protection - Continued

objectives by reducing damage from wildland fires, increasing wildlife habitat, increasing productivity of forest and rangelands, improving water yields and air quality, reducing carbon emissions from wildland fires, increasing firefighter safety, and maintaining desirable ecosystems.

CAL FIRE cooperates with federal, state, and local agencies; local organizations; and private property owners to develop and achieve land use objectives. Activities include removal, rearrangement, conversion, or improvement of vegetation using various treatment measures such as prescribed fire and mechanical, manual, and biological methods. The Environmental Protection Program provides in-house expertise and oversight of the Department's compliance with the California Environmental Quality Act, the National Environmental Policy Act, and other environmental laws and regulations applicable to departmental actions.

2470019 - Forest Practice Regulations:

The objective of this program is to maximize sustained production of high-quality timber products while protecting soil, water, wildlife, recreation, and other values associated with forested lands. Forest Practice activities include the review and permitting of commercial timber harvesting operations on nonfederal timberlands, enforcing state forest practice laws and regulations, and monitoring compliance and the effects of timber operations on forest productivity, water quality, watersheds, soils, botanical resources, wildlife, fisheries, greenhouse gas emissions, and other environmentally sensitive resources. The Program is also responsible for issuing licenses to timber operators (LTOs), providing LTO training and education, and assisting the Board of Equalization-Timber Tax Division in their administration of taxes on timber and timberland.

2470028 - Forest Resource Inventory and Assessment:

The objective of this program is to perform a periodic assessment of California's forest and rangeland resources. Activities include maintaining and distributing mission-critical data sets for fire planning, emergency incident support, and meeting certain regulatory requirements. In addition, the program provides extensive technical and public information regarding statewide fire threats, fire hazards, watersheds, various environmental indicators, and urban forestry.

2470037 - Professional Foresters Registration Program:

The Office of Professional Foresters Registration is a statutorily authorized program within the Board of Forestry and Fire Protection. The program is responsible for the licensing and regulation of all persons who practice forestry on non-federal, state, and private lands in California pursuant to the Professional Foresters Law of 1972. The program also licenses "certified specialties" of forestry, with the single certified specialty currently being Certified Rangeland Managers.

2475 - BOARD OF FORESTRY AND FIRE PROTECTION

The Board of Forestry and Fire Protection is a Governor-appointed body within CAL FIRE. The Board is responsible for developing the general forest policy of the state, determining the guidance policies of CAL FIRE, and representing the state's interest in federal forests in California. Together, the Board and CAL FIRE work to carry out statutory mandates to protect and enhance the state's unique forest and wildland resources. The Board's statutory responsibilities are to:

- Establish and administer forest and rangeland policy for the State of California;
- Protect and represent the state's interest in all forestry and rangeland matters;
- Provide direction and guidance to the Director of CAL FIRE on fire protection and resource management;
- Deliver a comprehensive regulatory program for forestry and fire protection;
- Conduct its duties to inform and respond to the people of California.

2480 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to account for the cost of legal services provided by the Department of Justice to CAL FIRE.

9900100 - ADMINISTRATION

Departmental administration provides executive leadership, policy direction, and a variety of program support services necessary for the successful completion of CAL FIRE's mission. CAL FIRE headquarters provides leadership through the executive office and through central services in accounting, budgeting, business services, legal, human resources, information technology, program accountability, and program and systems analysis. CAL FIRE field units provide localized general support services throughout the state.

INFRASTRUCTURE OVERVIEW

The Department of Forestry and Fire Protection (CAL FIRE) operates more than 530 facilities statewide. These facilities include, but are not limited to, 234 fire stations, 112 telecommunications facilities, 31 conservation camps, 8 fire crew camps, 21 unit headquarters, 16 administrative headquarters, 13 air attack bases, 10 helitack bases, 8 state forests, 1 forestry nursery, and 3 training centers. CAL FIRE facilities support fire protection and resource management efforts for more than 31 million acres of both state and privately-owned wildlands throughout California.
