### MAJOR PROGRAM CHANGES

- **Adult Incarcerated and Parolee Population**—Compared to the 2021 Budget Act projections, the adult incarcerated average daily population is projected to decrease by 13,882 in 2021-22 and 10,540 in 2022-23, to a total of 99,590 and 102,932, respectively. The 2021-22 decline is primarily due to actions taken to reduce the prison population in response to the COVID-19 Pandemic, and the 2022-23 decline is due to anticipated reductions to intake in comparison to the 2021 Budget Act assumption. Compared to 2021 Budget Act projections, the average daily parolee population is projected to decrease by 842 in 2021-22, followed by a decrease by 4,220 parolees in 2022-23, totaling 53,373 and 49,495, respectively. The decline in 2022-23 is related to an overall decrease in the incarcerated population and shorter parole terms. When compared to the projected average daily population at the 2021 Budget Act, these changes result in a decrease of \$102.9 million General Fund in 2021-22, and a decrease of \$100.6 million General Fund in 2022-23.
- **Division of Juvenile Justice (DJJ) Population**—Compared to the 2021 Budget Act projections, the 2022 Budget Act estimates an average daily population of 641 youth in 2021-22 and 430 youth in 2022-23, which represents an increase of 28 youth in 2021-22 and a decrease of 183 youth in 2022-23. Consistent with Chapter 337, Statutes of 2020 (SB 823), and Chapter 18, Statutes of 2021 (SB 92), DJJ is scheduled to close on June 30, 2023. Accordingly, the Budget reflects a decrease of \$4.2 million General Fund in 2021-22 and a decrease of \$25.8 million in 2022-23.
- **Adult Medical and Pharmaceutical Programs**—Compared to the 2021 Budget Act projections, the population utilized for the purposes of the Medical Classification Model is projected to decrease by 5,457 in 2021-22, and decrease by 3,187 in 2022-23, for totals of 96,270 and 98,540, respectively. Based on the current Medical Classification Model staffing ratios, these changes will result in a decrease of \$5 million General Fund in 2021-22 and \$1.3 million General Fund in 2022-23. Based on current pharmaceutical cost projections, the Budget also includes decreases of \$14.9 million General Fund in 2021-22 and \$17.9 million General Fund in 2022-23.
- **Mental Health Program**—Compared to the 2021 Budget Act projections, the population requiring outpatient mental health treatment is projected to increase by 2,694 in 2021-22 and 3,838 in 2022-23, for totals of 30,798 and 31,942, respectively. These changes result in increases of \$19.8 million General Fund in 2021-22 and \$28.6 million General Fund in 2022-23.

#### 4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department accepts commitments from California courts when the person to be committed meets age requirements, can materially benefit from institutional programs, and if there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program is to operate safe and secure juvenile facilities and perform tasks related to routine day-to-day operations of the facilities and camp, including, feeding, clothing, and facility operations. In addition, this program provides staff training, incarcerated youth intake and court services, population management services, facility maintenance, and maintains incarcerated youth master files. Based on the results of this process, various counseling and evidence-based treatment programs are recommended, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

The Juvenile Academic and Vocational Education programs are accredited by the Western Association of Schools and Colleges and include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All students must meet the California Common Core State Standards and earn the appropriate number of course credits to graduate. The program is responsible for providing direct supervision, surveillance, and necessary apprehension of the state's parolee population. The main components of supervision utilize the California Parole Supervision and Reintegration Model, which incorporates evidence-based practices into the Division of Adult Parole Operations' supervision strategies to elicit long-term behavioral change to reduce recidivism. Case supervision, reassessment, and reclassification are regularly scheduled based on parolee behavior and stability in the community. Other components of supervision include the Sex Offender Management Program, which incorporates the containment model strategy as required by statute, and Global Positioning System (GPS) monitoring for all sex offenders.

**5227 Board of State and Community Corrections**

The mission of the Board of State and Community Corrections (BSCC) is to provide statewide leadership, coordination, and technical assistance to promote effective state and local efforts and partnerships in California's adult and juvenile criminal justice system, including technical assistance and coordination to local governments related to 2011 Public Safety Realignment. This mission reflects the principle of aligning fiscal policy and correctional practices including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations.

Because the Board of State and Community Corrections' programs drive a need for infrastructure investment, the Board has a capital outlay program to support this need. For the specifics on the Board's capital outlay program see "Infrastructure Overview."

**5420 Prison Industry Authority**

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or his or her designee, the Director of the Department of General Services or his or her designee, the Secretary of the California State Transportation Agency or his or her designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and industry. The Secretary of CDCR or his or her designee serves as chair of the Board.

CALPIA supports the public safety mission of CDCR by producing incarcerated individuals that have job skills, good work habits, basic education, and job support in the community to reduce the likelihood of returning to prison. CALPIA's work programs also help CDCR to avoid the cost of alternative programming for incarcerated individuals.

CALPIA has three statutory objectives: (1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for incarcerated individuals under the jurisdiction of CDCR; (2) create and maintain working conditions within enterprises similar to those which prevail in private industry to assure incarcerated individuals assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and (3) operate work programs for incarcerated individuals that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by CDCR, thereby reducing the costs of its operation. CALPIA receives no annual appropriation from the Legislature.

These are not costs incurred by CALPIA—rather, they represent a future liability earned by CALPIA employees in the respective fiscal years.

<sup>2/</sup> Prior to FY 2020-21, "Lump Sum Payouts" were recorded at cost center level. This category is now recorded under "Selling & Administrative Expenses".
