The program is also responsible for academy training and employee development for all departmental staff.

4510 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to CDCR.

4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department accepts commitments from California courts when the person to be committed meets age requirements, can materially benefit from institutional programs, and if there are adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program is to operate safe and secure juvenile facilities and perform tasks related to routine day-to-day operations of the facilities and camp, including, feeding, clothing, and facility operations. In addition, this program provides staff training, incarcerated youth intake and court services, population management services, facility maintenance, and maintains incarcerated youth master files. This program currently oversees operations for three facilities and one conservation camp.

Treatment programs begin with diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each incarcerated youth. Based on the results of this process, various counseling and evidence-based treatment programs are recommended, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs are designed to promote positive social behavior and reduce recidivism and relapse.

This program will ramp down operations in the 2023-24 fiscal year given the closure of the Division of Juvenile Justice on June 30, 2023 pursuant to Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92).

4520 - JUVENILE ACADEMIC AND VOCATIONAL EDUCATION

The Education Services Branch of the Division of Juvenile Justice operates as a local education agency known as the California Education Authority. Its mission is to empower each student to become a civil, responsible, employable, and knowledgeable lifelong learner for successful transition to the community upon release.

The Juvenile Academic and Vocational Education programs are accredited by the Western Association of Schools and Colleges and include core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All students must meet the California Common Core State Standards and earn the appropriate number of course credits to graduate. Supplemental services include special education, English learner services, basic skills enhancement, library services, character development courses, and high school credit for work experience.

This program will ramp down operations in the 2023-24 fiscal year given the closure of the Division of Juvenile Justice on June 30, 2023 pursuant to Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92).

The program strives to achieve this mission by providing cost-effective, timely, and competent care. In addition, Juvenile Health Care Services is responsible for overseeing and implementing the Integrated Behavioral Treatment Model, which uses evidence-based principles of a cognitive behavioral treatment program to guide the development of the best program for the unique needs of the youth and young adult population.

This program will ramp down operations in the 2023-24 fiscal year given the closure of the Division of Juvenile Justice on June 30, 2023 pursuant to Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92).

The program is responsible for providing direct supervision, surveillance, and necessary apprehension of the state's parolee population. The Division of Adult Parole Operations' supervision strategies utilizes the California Parole Supervision and Reintegration Model which incorporates evidence-based practices to elicit long-term behavioral change to reduce recidivism. Standard and specialized caseloads and the degree of supervision are determined by case factors related to the incarcerated person's risk and current service needs. Case supervision, reassessment, and reclassification are regularly scheduled based on parolee behavior and stability in the community. Other components of supervision include the Sex Offender Management Program, which incorporates the control and containment model strategy as required by statute, and Global Positioning System (GPS) monitoring for all sex offenders.

The other integral program component is the Community Transition Program, which conducts pre-release assessments and services in each prison and includes the identification of parolee needs to match them with state and local programs to support successful transition into local communities.

4560 - PAROLE OPERATIONS - ADULT COMMUNITY BASED PROGRAMS

Rehabilitative Programs and Parole Operations - Adult Community Based Programs utilize a variety of rehabilitative and reentry assistance programs designed to promote successful reintegration of parolees while protecting public safety. These programs include, but are not limited to, referrals and linkages to Transitional and Emergency Housing, and Day Reporting Centers. Other services include enrollment into Pre-Employment and Transitional Work Programs, Cognitive Behavioral Treatment and interventions, Substance Use Disorder Treatment, and other wraparound services. The program includes a full continuum of transitional programs, including the Transitional Case Management Program and sex offender treatment for all sex offenders on parole.

The program also provides mental health services and treatment to parolees through CDCR's community-based Behavioral Health Reintegration program, which provides transitional mental health treatment, case management and crisis intervention. The objective of these services is to reduce gaps in treatment after release from incarceration pending sustainable connection to alternative service providers and necessary resources in the community.

4565 - PAROLE OPERATIONS - ADULT ADMINISTRATION

These hearings include individuals sentenced to life with the possibility of parole once they have served a certain amount of time based on the sentence; incarcerated persons sentenced to life with the possibility of parole for a nonviolent offense under an alternative sentencing scheme, such as the state's Three Strikes Law, once they have served a certain amount of time based on their commitment offense; incarcerated persons who were under the age of 26 at the time of their offense, who have served a minimum of 15, 20, or 25 years of continuous incarceration, depending on the sentence, and who are eligible for an incarcerated youth hearing; and incarcerated persons eligible for the Elderly Parole Program.

The Board also conducts medical parole hearings, hearings for certain parole violators, and determines whether parolees should be discharged from parole. Screenings are conducted for offenders with mental health disorders and sexually violent predators, and subsequent hearing referrals are made to the Department of State Hospitals for mental health treatment. In addition, at the Governor's request, the Board investigates applications and forwards recommendations for pardons, reprieves and commutations of sentence, including those involving the death penalty. It also has the discretion to recommend to the court that an incarcerated person's sentence be recalled due to the incarcerated person's significant health condition.

4580 - BOARD OF PAROLE HEARINGS - ADMINISTRATION
