

# Education

---

Education programs provide academic services segmented by pre-kindergarten, elementary, secondary, undergraduate and graduate programs as well as credentialing services to ensure schools are staffed with effective instructors. Elementary and secondary instruction is provided to all of California's children to prepare them for higher education or entry into the workforce. Institutions of higher education provide further access to the skills necessary for career goals and participation in a globally competitive workforce, as well as conducting research and providing public services.

## 6100 Department of Education

California's public education system is administered at the state level by the Department of Education, under the direction of the State Board of Education and the Superintendent of Public Instruction, for the education of approximately 6 million students. Administrative branches of the Department include the Executive Branch; the Operations and Administration Branch; the Opportunities for All Branch; the Student Achievement Branch; the Student Support Services Branch; the Information and Technology Branch; the Instruction, Measurement and Administration Branch; and the Legal, Audits and Charters Branch.

The primary duties of the Superintendent and the Department are to administer TK-12 education programs, to provide technical assistance to local school districts and offices of education and to work with the educational community to improve academic performance. Major goals of the Department include: (a) holding local agencies accountable for student achievement in all programs and for all groups of students, (b) building local capacity in utilizing a process of continual improvement that enables all students to achieve to state standards, (c) expanding and improving a system of recruiting, developing, and supporting teachers that instills excellence in every classroom, preschool through adult, (d) providing statewide leadership that promotes effective use of technology to improve teaching and learning, (e) increasing efficiency and effectiveness in the administration of TK-12 education, including student record keeping and good financial management practices, (f) providing broader and more effective communication among the home, school, district, county, and state, (g) establishing and fostering systems of school, home, and community resources that provide the physical, emotional, and intellectual support to help students succeed, (h) advocating for additional resources and additional flexibility, (i) providing statewide leadership that promotes good business practices so that California schools can target their resources to serve students, and (j) improving the effectiveness and efficiency of the Department.

Because the Department of Education's programs drive a need for infrastructure investment, the Department has a capital outlay program to support this need. For the specifics on the Department's capital outlay program see "Infrastructure Overview."

**PROGRAM DESCRIPTIONS****5200 - INSTRUCTION**

This program provides direct educational services to children and adults in the state's public elementary and secondary school system. The following elements are included in this program:

**School Apportionments:**

Supplements local resources to fund general education programs.

**Other Compensatory Programs:**

Includes Migrant Education, California Indian Education Centers, Education for Homeless Children, and Federal Title I, Title II, Title III, Title IV and Foster Youth.

**Adult Education Programs:**

Provides citizenship training and education to improve literacy skills, employability, and parenting abilities to adults served by public high school and unified districts. Adult education programs also meet the special needs of the disabled, older persons, and non or limited-English speaking adults.

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## 6100 Department of Education - Continued

### Special Education Programs for Exceptional Children:

Provides special education services. Under state law and the federal Individuals with Disabilities Education Act (20 USC 1400 et seq.), individuals with exceptional needs are entitled to a free, appropriate public education. Students requiring special education are served either by local educational agencies using state, federal, and local property tax funds or by the State Special Schools operated by the Department. The Special Schools (three centers for diagnostic services, two residential schools for the deaf and one residential school for the blind) provide highly specialized services including educational assessments and individual educational recommendations and a comprehensive residential and nonresidential educational program composed of academic, nonacademic and extracurricular activities.

### Career Technical Education:

A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. Programs include Partnership Academies, Agricultural Education, Regional Occupational Centers and Programs, and the federal Strengthening Career and Technical Education for the 21st Century Act.

### 5205 - INSTRUCTIONAL SUPPORT

Instructional Support provides resources to complement the Instruction Program. The following elements are included in this program:

#### Curriculum Services:

Provides materials and resources for curriculum planning and development in English language arts, English language development, mathematics, science, computer science, history-social science, world languages, arts, health, nutrition, safety, physical education, school library programs and environmental/energy education. Provides funding for the K-12 High-Speed Network and Rural and Low-Income Schools Grants.

#### "Now is the Time" Advancing Wellness and Resilience in Education:

Provides federal funding to develop a comprehensive, coordinated, and integrated partnership with multiple service systems to help address critical mental health needs of California's kindergarten through grade twelve students.

#### Administrative Services to Local Educational Agencies:

Provides leadership, guidance, and technical expertise to schools to manage and improve operations, more efficiently use scarce resources, and publish specified documents and plans.

#### Supplementary Program Services:

Identifies, develops, and disseminates innovative and exemplary programs and practices to schools and aids in the development of alternative educational options. Examples include Foster Youth Services, Career Technical Education Incentive Programs, English Language Acquisition, and Specialized Secondary Programs.

#### Public Charter Schools:

Provides oversight, support, technical assistance, and grant opportunities to charter schools and chartering authorities under the Charter Schools Act.

#### Assessments:

Includes acquiring, developing, administering, scoring, and reporting of assessments for the following programs: the California Assessment of Student Performance and Progress (CAASPP), the English Language Proficiency Assessments for California (ELPAC), California High School Equivalency and Proficiency tests, and the California Physical Fitness Test. The CAASPP and ELPAC include per-pupil apportionment rates to reimburse local educational agencies for test administration related costs.

### 5210 - SPECIAL PROGRAMS

#### Early Education and Expanded Learning:

Provides a full range of universal prekindergarten early education and development services, including part- and full-time early education, development, and supportive services to children from low-income families, children with disabilities, and children experiencing homelessness or receiving child protective services. The California State Preschool Program provides a wide range of educational services in part and full-day settings for pre-kindergarten (three and four-year-old) children from low-income families, children with disabilities, children who are multilingual learners, and children experiencing homelessness or receiving protective services, and parent education for the parents of eligible children. The After School Education and Safety (ASES) competitive grant program provides students in grades K-9 with academic support, homework assistance, and enrichment programs, in a safe after school environment. The Expanded Learning Opportunities Program provides the same supports for TK-6 students as ASES. The 21st Century Community Learning Center Program also provides the same supports for K-12 students.

#### Early Head Start-Child Care Partnership:

Provides federal funding and enhanced whole child developmental and health supports for high-quality infant and toddler early learning and care to low-income families enrolled in subsidized programs administered by family childcare homes, school districts, institutions of higher learning, and tribal agencies in selected rural northern and Central California counties.

**6100 Department of Education - Continued****Child Nutrition:**

Provides oversight, support, educational training, technical assistance, meal reimbursement, and grant opportunities to participating public and private schools, county offices of education, residential child care institutions, camps, and community organizations to increase year-round access to nutritious meals that meet specific state and federal standards. The United States Department of Agriculture (USDA) funds the reimbursement for local child nutrition program sponsors that serve nutritious meals to children participating in the National School Lunch Program (NSLP), School Breakfast Program, Special Milk Program, Summer Food Service Program, After School Meals Supplements Program under the NSLP, and Seamless Summer Feeding Option. Collectively, the child nutrition programs serve over 885 million meals and snacks annually. The Universal Meals Program requires schools to make available a breakfast and lunch each school day to all public-school students and provides state funded reimbursement for schools to comply with the state meal mandate in Education Code Section 49501.5.

**Food Distribution:**

Administers the USDA Foods program by offering over 140 minimally processed, domestic fresh, frozen and shelf-stable foods to eligible child nutrition programs to use in preparing meals in their programs. USDA Foods are received and stored at two food distribution centers and delivered to over 1,100 child nutrition operators throughout California.

**5220 - STATE BOARD OF EDUCATION**

The State Board of Education sets K-12 education policy in the areas of standards, instructional materials, assessment, and accountability.

**5240 - STATE-MANDATED LOCAL PROGRAMS**

This program provides funding, pursuant to Section 6 of Article XIII B of the California Constitution, to reimburse local entities for costs they incur in complying with certain state-mandated education programs.

## 6100 Department of Education - Continued

### INFRASTRUCTURE OVERVIEW

The State Special Schools Division includes three residential and day schools (Schools for the Deaf in Riverside and Fremont and a School for the Blind in Fremont) and three diagnostic centers (Fresno, Fremont, and Los Angeles). These facilities comprise a total of approximately 1,042,000 gross square feet on 167 acres. The schools provide comprehensive educational programs composed of academic, extracurricular, and residential activities for students with Deaf, hard-of-hearing, DeafBlind, blind, visually-impaired, and low-vision students. The diagnostic centers provide assessment services for students obtaining special education services with complex educational needs, along with professional learning and technical assistance support for educators and community partners.

## 6120 California State Library

The California State Library, established in 1850, collects, preserves, generates, and disseminates information. The Library administers programs funded by state and federal funds to support local public libraries and statewide library programs. The State Librarian is appointed by the Governor.

The California Library Services Board (the state board) consists of 13 members; 9 members are appointed by the Governor, 2 members are appointed by the Senate Rules Committee, and 2 members are appointed by the Speaker of the Assembly. Members serve four-year terms. The state board determines policy for and authorizes allocation of funds for the California Library Services Act. The state board also functions as the State Advisory Council on Libraries for the federal Library Services and Technology Act. The State Librarian serves as chief executive officer of the state board.

**PROGRAM DESCRIPTIONS****5310 - STATE LIBRARY SERVICES**

The State Library Services (SLS) program serves as the central reference and research library for the Governor, the Legislature, and state government officials and staff. SLS also provides library services to the public by making available collections and services in its branch libraries, special collections, and online. SLS gathers, catalogs, digitizes, preserves and protects information and materials. SLS answers reference and informational questions for local libraries and coordinates the distribution of state and federal publications to libraries.

The Braille and Talking Book Library, a regional library designated by the Library of Congress National Library Service for the Blind and Print Disabled, provides Braille and recorded books (digital cartridges and downloadable files) and special playback equipment to blind and print-disabled residents of Northern California who are unable to use standard print materials.

The Bernard E. Witkin State Law Library contains primary and secondary sources in American law, federal and state appellate court opinions, session laws, codes and statutes, federal agency decisions, and attorney general opinions of the U.S. and 55 jurisdictions, with a particular focus in regulatory and legislative history.

The California Research Bureau (CRB) provides nonpartisan and confidential public policy research, analysis, and specialized library services on major state issues for the Legislature, the Governor's Office, and other constitutional officers.

**5312 - LIBRARY DEVELOPMENT SERVICES**

The Library Development Services (LDS) program distributes state and federal funds to local libraries and provides technical assistance to help local libraries extend and improve services to residents. LDS also administers the following programs:

- The California Library Services Act, which promotes resource sharing among public libraries in the state.
- The California Library Literacy and English Acquisition Services Program, which supports community-centered literacy assistance to English-speaking adults.
- The federal Library Services and Technology Act, which provides grants to libraries of all types on a competitive basis for developing new and innovative library services, providing technology assistance, engaging in networking and resource sharing, and providing library services to underserved populations.
- Statewide Broadband Services, which helps public libraries connect to a high-speed internet network.
- The Lunch at the Library Program, which supports public library jurisdictions in providing children and teens with meals, summer reading programs, and other activities that support learning, health, and wellness.

**5314 - INFORMATION TECHNOLOGY SERVICES**

The Information Technology Services program supports technology operations and infrastructure, including the integrated bibliographic library system, network infrastructure, data communications, and computer systems and applications.

**6125 Education Audit Appeals Panel**

The Education Audit Appeals Panel (EAAP) serves as the neutral arbiter in formal and informal administrative audit appeals by K-12 local educational agencies, correcting errors of fact or law, and applying where appropriate a statutorily defined test of substantial compliance for audits of K-12 local educational agencies. EAAP adopts as regulations, according to a statutory timetable, the audit guide used in those annual audits, including Local School Construction Bond Audits, School Facility Program Bond Fund Audits, and Full-Day Kindergarten Facilities Grant Program Audits. EAAP's mission is to set clear standards for compliance with education funding requirements, and allow both the state and local educational agencies to avoid lengthy and expensive litigation over disputed funding.

**6300 State Contributions to the State Teachers' Retirement System**

The state makes General Fund payments to the California State Teachers' Retirement System (CalSTRS).

The annual General Fund contribution to the CalSTRS Defined Benefit Program is based on 2.017 percent of members' creditable earnings of the fiscal year ending in the immediately preceding calendar year. Current law also provides for an additional state contribution when the Teachers' Retirement Fund has an unfunded obligation for benefits that were in place on July 1, 1990. Chapter 47, Statutes of 2014 (AB 1469), increased this additional state contribution, to be phased in over three years beginning in 2014-15, to 4.311 percent of members' creditable earnings. The Teachers' Retirement Board can adjust the state's contribution by 0.5 percent of payroll each year to meet the funding need.

The Supplemental Benefit Maintenance Account (SBMA), established in 1989, provides annual supplemental payments (in quarterly installments) to members whose purchasing power has fallen below a specified percent of the original purchasing power allowance. Chapter 751, Statutes of 2008 (AB 1389), increased the amount of supplemental purchase power protection payments from the SBMA to up to 85 percent of the value of the original benefit. The Teachers' Retirement Board is required to set SBMA benefits between an amount necessary to preserve 80 to 85 percent of retirees' purchasing power, pursuant to CalSTRS regulations, and subject to the availability of funds. The General Fund provides a statutory transfer to the SBMA of an amount equal to 2.5 percent of the members' creditable earnings of the fiscal year ending in the immediately preceding calendar year, less a specified amount that is currently capped at \$72 million. Payments are made on October 15 and April 15 of each year. If, at any time, the funds in the SBMA are insufficient to support 80 percent purchasing power, the Teachers' Retirement Board can: (1) transfer funds from the Teachers' Retirement Fund if no CalSTRS unfunded obligation exists, (2) increase employer contributions, or (3) reduce the SBMA benefit payment.

## 6350 School Facilities Aid Program

The School Facilities Aid Program provides financing to local educational agencies for K-12 school facility-related activities such as school construction, modernization, and emergency repairs. The programs are administered by the State Allocation Board, which is staffed by the Office of Public School Construction within the Department of General Services.

The Leroy F. Greene School Facilities Act of 1998, Chapter 407 of the Statutes of 1998 (SB 50), created the School Facility Program (SFP) to streamline school construction funding. Since 1998, California voters have approved over \$42.5 billion in statewide general obligation bonds to construct or renovate public school classrooms through the SFP. These funds primarily

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## 6350 School Facilities Aid Program - Continued

support the construction and modernization of school facilities, however, voters have supported funding other programs through the SFP including, but not limited to: (1) charter school facility grants, (2) career technical education grants, (3) overcrowding relief projects, (4) high performance incentive grants, (5) joint-use projects, (6) critically overcrowded schools grants, and (7) seismic mitigation grants. Proposition 51, approved by voters in November 2016, authorized a total of \$7 billion in state general obligation bonds for school construction projects. These funds were allocated amongst various existing programs including \$3 billion for new construction, \$3 billion for modernization, \$500 million for charter schools, and \$500 million for career technical education projects.

**PROGRAM DESCRIPTIONS****5381 - PREPARATION AND LICENSING OF TEACHERS**

This program is responsible for setting the standards for educator preparation and teaching performance in California to ensure a quality teaching workforce for California's K-12 students.

The Certification Division is responsible for evaluating and processing approximately 280,000 applications annually for credentials, permits, certificates, and waivers for authorization to serve in California's public schools. The Division serves as the primary point of contact for the Commission, providing information to credential applicants and holders and credential personnel at the college, university, county, and school district level regarding specific requirements for the licenses issued.

The Professional Services Division is responsible for: (1) the development of licensure standards for all credential areas, aligned with the adopted K-12 content standards, (2) the development and implementation of licensing examinations, including the teaching performance assessment, as required in the Education Code, (3) supporting the Commission with analysis and development of policy, and (4) administration of state-funded teacher preparation grant programs. The Division supports the Committee on Accreditation, a statutory body that is charged with implementing the Commission's accreditation system to monitor the quality of all educator preparation programs. The accreditation system involves educators in the evaluation of program quality through biennial reports, program review, and site visit activities. Related activities include initial program approval, data collection, reporting, and policy research. The Division is also responsible for monitoring certificated assignments in collaboration with county offices of education.

The Division of Professional Practices is responsible for the discipline of credential applicants and holders, and provides legal advice to the Commission, the Committee of Credentials, and the Commission's management team. The Committee of Credentials is a statutory body that is responsible for investigations of alleged misconduct against credential holders and applicants. The investigations generally originate from information provided by employing school districts, on misconduct disclosed on an application, and as a result of criminal convictions.

**5382 - ATTORNEY GENERAL LEGAL SERVICES**

This program provides funding for the Office of the Attorney General to represent the Commission in credential holder discipline cases as they progress through the administrative hearing process.

**5383 - ACCREDITATION STREAMLINE PROJECT**

The Accreditation Streamline Project provides a publicly accessible data warehouse containing information about teacher preparation programs and educator candidates through a user friendly visualization interface.

**5384 - EDUCATOR PERFORMANCE ASSESSMENTS**

This program supports development and implementation of Performance Assessments for credential candidates in preparation programs that lead to a teaching or administrative services credential. In addition to ensuring that credential candidates are prepared to enter the teaching profession or serve as a school administrator, candidate scores from these assessments will be included in the accreditation system for program quality assessment.

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

**6360 Commission on Teacher Credentialing - Continued****5388 - CLASSIFIED SCHOOL EMPLOYEE TEACHER CREDENTIALING GRANT PROGRAM**

This program provides grants to K-12 local educational agencies to support recruitment of non-certificated school employees to participate in a teacher preparation program and become certificated classroom teachers in California public schools.

**5397 - EDUCATOR PREPARATION**

Provides funding for competitive grants to local educational agencies to recruit, prepare, and retain credentialed K-12 educators.

**5399 - ADMINISTRATION**

The objective of the Administration program is to provide overall management, planning, policy development, and internal administrative support services.

## 6440 University of California - Continued

The University of California (UC) provides instruction in undergraduate, graduate professional, and graduate academic programs through the doctoral degree level; research; continuing education for adult learners; and public service.

The UC was founded in 1868 as a public, state-supported land-grant institution. It was written into the State Constitution of 1879 as a public trust to be administered by the Regents of the UC. The Board of Regents includes the following 26 members: 7 ex officio members, 18 members appointed by the Governor with the approval of the Senate for 12-year terms, and 1 student appointed by the Board. The Governor is President of the Regents.

The 1960 Master Plan for Higher Education designates UC as the primary state-supported academic agency for research. The UC also serves students at all levels of higher education in California and serves as the public segment primarily responsible for awarding doctoral degrees and several professional degrees, including in medicine and law.

There are ten UC campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, and Santa Cruz. Nine of these are general campuses that offer undergraduate, graduate, and professional education. The San Francisco campus is devoted exclusively to the health sciences. The university operates five teaching hospitals and administers more than 800 research centers, institutes, laboratories, and programs. It also oversees one United States Department of Energy laboratory and partners with private industry to manage two other Department of Energy laboratories.

The Regents appoint a university president, who is typically responsible for overall policy development, planning, and resource allocation. The ten UC chancellors are responsible for management of the individual campuses. The Regents have delegated authority to the Academic Senate, including responsibility for policies on admissions and academic programs.

<sup>1</sup> Campus-based fees vary by campus; values shown here are averages on a weighted basis using campus enrollment. Campus-based fees for 2023-24 have not yet been determined and reflect a five-percent increase from 2022-23 levels. Campus-based fees do not include waivable health insurance fees. Waivable health insurance fees average \$2,647 for undergraduate students and \$5,118 for graduate students in 2022-23.

<sup>2</sup> In July 2021, the UC Board of Regents approved a multi-year Tuition Stability Plan that affects Tuition, the Student Services Fee, and Nonresident Supplemental Tuition (NRST). For undergraduate students entering fall 2022 and later, the three charges will be assessed on a cohort basis. For graduate students, the three charges will continue to be assessed on a uniform basis. The 2022-23, 2023-24, and 2024-25 amounts for undergraduate students, as shown in the display, reflect student fee levels for the cohort entering fall 2022, fall 2023, and fall 2024, respectively. Undergraduate students who started prior to fall 2022 will continue to pay 2021-22 rates through 2026-27 for Tuition, the Student Services Fee, and NRST. Their total charges in 2022-23 are \$14,137 and \$43,891 for resident and nonresident students, respectively; their total charges in 2023-24 are \$14,198 and \$43,952 for resident and nonresident students, respectively; and their projected total charges in 2024-25 are \$14,279 and \$44,033 for resident and nonresident students, respectively.

<sup>3</sup> Professional Degree Supplemental Tuition levels for 2024-25 have not yet been determined; the figures shown here are unchanged from 2023-24 levels.

**6440 University of California - Continued****PROGRAM DESCRIPTIONS**

5440 - This program provides support for the university. Expenditures are for the following purposes:

**INSTRUCTION****General Campuses**

This program includes direct instructional resources associated with the schools and colleges located on the general campuses. Classroom and laboratory instruction, instructional technology, online education, and joint scholarly research activities of students and faculty are included.

**Health Sciences**

This program includes instruction in 20 schools that provide education in various health fields to students preparing for careers in health care, teaching, and research. The health science schools are located on seven campuses and include six schools of medicine (Davis, Irvine, Los Angeles, Riverside, San Diego and San Francisco), two schools of dentistry, four schools of nursing, three schools of public health, three schools of pharmacy, one school of veterinary medicine, and one school of optometry. In addition, programs in medical education are conducted at Berkeley, Fresno, and the Charles R. Drew University of Medicine and Science in Los Angeles.

**Summer Session**

This program includes instruction for non-matriculated students who enroll in summer sessions.

**University Extension**

This program includes classes, hybrid instructional programs, short courses, seminars, conferences, field studies, online education, and similar activities throughout the state and in several foreign countries. University Extension has open enrollment courses for individuals as well as organizational partnerships supported by contracts and grants with the state and public agencies, non-profit organizations, and private companies. University Extension's offerings are often designed to serve the continuing educational needs of working professionals. University Extension offers undergraduate and graduate transferable degree credit and certificate and degree completion programs.

**RESEARCH**

This program includes research activities. The university is designated by the 1960 Master Plan for Higher Education as the primary state-supported academic agency for research.

**PUBLIC SERVICE**

This program includes a broad range of activities organized by the university to serve students, teachers, and staff in K-12 schools and community colleges, as well as the public in general. The program includes student academic preparation programs and educational partnerships. In these programs, the university works with schools and other partners to help certain groups of students meet the standards of academic preparation needed to be successful in higher education and the workforce. The program also includes UC Cooperative Extension, which provides applied research and educational programs in agriculture and natural resources, family and consumer sciences, and community resource development. Campuses also conduct other public service programs, such as arts and lecture programs and student-initiated community service projects. This program also includes a health sciences program jointly operated with the Charles R. Drew University of Medicine and Science.

**ACADEMIC SUPPORT****Libraries**

This program includes the university libraries, which identify, acquire, and share publications and scholarly materials in all formats.

**Academic Support**

This program includes activities organized and operated in connection with educational departments and conducted as a basic support for the departments' educational programs.

The program includes facilities that are extensions of the health sciences schools and provide both clinical experience and community health services, including dental clinics and neuropsychiatric institutes at Los Angeles and San Francisco; a veterinary medicine teaching facility at Davis and the San Joaquin Valley; an optometry clinic at Berkeley; and two occupational health centers providing services throughout northern (Berkeley, Davis, and San Francisco) and southern (Irvine and Los Angeles) California.

The program also includes vivaria, which provide centralized facilities for ordering, receiving, and caring of all animals necessary for teaching and research in the biological sciences; support for arts through direct sponsorship of museums, galleries, performances, and exhibits; support of specialized physical science and engineering projects; and support for

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## 6440 University of California - Continued

professional journals. In addition, a laboratory school in Los Angeles facilitates experimentation, research, and teacher professional development in the field of education.

### TEACHING HOSPITALS

This program includes the operation of teaching hospitals in Irvine, Los Angeles, Sacramento, San Diego, and San Francisco. A critical mission of the hospitals is to support the clinical teaching programs of the University's 20 health professional schools. The hospitals provide inpatient and outpatient health care services and are research sites for the development of new diagnostic and therapeutic techniques.

### STUDENT SERVICES

This program includes activities that contribute to students' emotional and physical well-being, including their intellectual, cultural and social development outside the context of the formal instructional program. Elements of these programs are supplementary educational services, social and cultural activities, counseling and career guidance, student health services, student admissions and records, and financial aid administration.

### INSTITUTIONAL SUPPORT

This program includes police, accounting, payroll, human resources, administrative computing, materials management, environmental health and safety, and publications. The program also includes the planning, policymaking, and coordination activities that occur within the offices of the chancellors, the university president, and the Regents.

### OPERATION AND MAINTENANCE OF PLANT

This program includes the operation and maintenance of the university's physical plant, site infrastructure, buildings, and related fixed equipment. The program also includes purchased utilities, utilities operations, building and grounds maintenance, refuse, and janitorial services, as well as related administrative and support services.

### STUDENT FINANCIAL AID

This program includes financial aid, such as grants, scholarships, loans, work-study, veterans' benefits, traineeships, and fellowships.

### AUXILIARY ENTERPRISES

This program includes non-instructional services provided to students, faculty, staff, and other individuals who pay specific user charges or fees. Certain activities are both student services and auxiliary enterprises, such as student housing, food services, campus stores, parking, and portions of some intercollegiate athletics.

### PROVISIONS FOR ALLOCATION

This program is a temporary repository for lump-sum appropriations that are allocated: (1) from systemwide provisions to campus provisions and (2) from campus provisions to operating programs and subprograms from which expenditures will occur. The program may include funds for academic position upgrades, staff reclassifications, price adjustments, employee benefit adjustments, debt service, and university endowment income.

### EXTRAMURAL PROGRAMS

This program includes activities supported by fund sources defined as non-budgeted due to the limited life of the funding source.

### DEPARTMENT OF ENERGY LABORATORY

This program includes management of the Lawrence Berkeley National Laboratory.

**6445 California Institute for Regenerative Medicine**

The mission of the California Institute for Regenerative Medicine (CIRM) is to accelerate world class science to deliver transformative regenerative medicine treatments to a diverse California and worldwide in an equitable manner. The Institute was established pursuant to the November 2004 voter-approved Proposition 71, the California Stem Cell Research and Cures Act, providing \$3 billion in general obligation bond funding for grants and loans for stem cell research conducted at California universities, research institutions, and companies. In November 2020, voters approved Proposition 14, the Stem Cell Research Institute Bond Initiative, authorizing \$5.5 billion in new general obligation bonds to continue regenerative medicine research.

Proposition 14 also requires that revenues generated through licensing or self-commercializing an invention or technology that arises from research funded by CIRM be used to offset the costs of providing treatments and cures arising from CIRM-funded research to California patients who have insufficient means to purchase such treatment or cure, including the reimbursement of patient-qualified costs for research participants.

The Independent Citizen's Oversight Committee is the 35-member governing board for the Institute. The members are public officials appointed on the basis of their experience earned in California's leading universities, non-profit academic and research institutions, patient advocacy groups, and the life sciences biotechnology industry.

**6600 College of the Law, San Francisco**

The mission of the College of the Law, San Francisco (CLSF) is to train students for the legal profession with a comprehensive understanding and appreciation of the law. CLSF is the oldest law school and one of the largest public law schools in the United States. The business of the college is managed by an 11-member Board of Directors. CLSF is approved by the American Bar Association and accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges. CLSF is a member of the Association of American Law Schools. The Juris Doctor degree is granted by the Regents of the University of California and is signed by the President of the University of California and the Chancellor and Dean of the College of the Law, San Francisco.

**6600 College of the Law, San Francisco - Continued****PROGRAM DESCRIPTIONS**

5530 - This program provides support for CLSF. Expenditures are for the following purposes:

**INSTRUCTION**

Instruction includes activities intended to prepare students for their responsibilities to the community as members of the legal profession through theoretical instruction, practical experience, specialized training as lawyers, and support services.

The principal objectives are to: (1) develop in the students the required competency in substantive law demanded by the legal profession; (2) develop students' skills in legal and interdisciplinary research, writing, and communication; (3) provide students with skills for independent and critical analyses and assessments of legal issues; (4) instill in students a level of professionalism for competent participation in the legal profession; and (5) allow students to describe the roles and responsibilities of lawyers in overcoming obstacles to legal access and in promoting social justice.

**ACADEMIC SUPPORT--LAW LIBRARY**

The law library includes activities intended to support the legal education curriculum by providing sufficient access to reference and research materials to allow students and faculty members to research questions of law in preparation for classroom presentations and assignments, moot court, trial practice, legal clinic assignments, and to support legal scholarship. The law library also supports the legal research needs of the larger community, including local attorneys.

**STUDENT SERVICES**

Student services include admissions, office of the registrar, financial aid, instructional resources, career services, the Academic Support Program, the Legal Education Opportunity Program (LEOP), and the Disability Resource Program. These offices provide students a system for application and admission to the law school and information about academic performance, and assist students in securing financial assistance to complete the instructional program and in identifying employment opportunities. These activities include academic advising, accommodations for students with disabilities, the Academic Support Program (which provides instruction in analysis and writing), and the LEOP program (which provides tutorials and other services to supplement regular instructional activities for certain students).

**INSTITUTIONAL SUPPORT**

Institutional support includes executive management and management support, human resources, fiscal services, public safety, community relations, and administrative services.

**OPERATION AND MAINTENANCE OF PLANT**

Operation and maintenance of plant includes the management of the physical environment, as well as the planning and administration of maintenance and renovation activities for the college's plant.

**EXTRAMURAL**

Extramural programs include activities that are not essential to core operations but enhance the mission of the college. These include student housing, student health services, and the parking garage.

**6610 California State University**

The California State University (CSU) is comprised of 23 universities. All universities offer undergraduate and graduate instruction for professional and occupational goals and liberal arts education programs. For undergraduate programs, each university requires a basic program of general education regardless of the major selected by the student. In addition to master's-level graduate programs, the CSU offers doctoral-level programs in audiology, education, nursing practice,

## 6610 California State University - Continued

occupational therapy, physical therapy, and public health. The CSU also offers some doctoral degrees jointly with the University of California and with private institutions.

The university is governed by the Board of Trustees, which includes the following 25 members: 5 ex officio members, 16 members appointed by the Governor to eight-year terms, 3 members appointed by the Governor to two-year terms (2 student representatives and 1 faculty representative), and 1 alumni representative appointed to a two-year term by the CSU Alumni Council. The Trustees appoint the Chancellor and the university presidents. The Trustees, the Chancellor, and the presidents develop systemwide policy. The systemwide Academic Senate, made up of elected faculty representatives from the universities, recommends academic policy to the Board of Trustees through the Chancellor.

The CSU's goals include to:

- Advance and extend knowledge, learning, and culture, especially throughout California.
- Provide opportunities for individuals to develop intellectually, personally, and professionally.
- Prepare significant numbers of educated, responsible people to contribute to California's schools, economy, culture, and future.
- Encourage and provide access to an excellent education to all who are prepared for and wish to participate in collegiate study.
- Offer undergraduate and graduate instruction leading to bachelor's and higher degrees in the liberal arts and sciences, applied fields, and the professions, including the doctoral degree when authorized.
- Prepare students for international, multi-cultural society.
- Provide public services that enrich the university and its communities.

**6610 California State University - Continued****PROGRAM DESCRIPTIONS**

5560 - This program provides support for the university. Expenditures are for the following purposes:

**INSTRUCTION**

The instruction category includes expenses for all activities that are part of an institution's instructional program. These activities include expenses for credit and noncredit courses; academic, vocational, and technical instruction; remedial and tutorial instruction; and regular, special, and extension sessions.

**RESEARCH**

The research category includes all expenses for activities specifically organized to produce research, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. These activities include expenses for individual and/or project research as well as that of institutes and research centers.

**PUBLIC SERVICES**

The public service category includes expenses for activities established primarily to provide non-instructional services beneficial to individuals and groups external to the institution. These activities include community service programs (excluding instructional activities) and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, and similar non-instructional services to particular sectors of the community.

**ACADEMIC SUPPORT**

The academic support category includes expenses to provide support services to the institution's primary missions: instruction, research, and public service. This category includes the retention, preservation, and display of educational materials, including libraries, museums, and galleries; the provision of services that directly assist the academic functions of the institution, such as demonstration schools associated with a department, school, or college of education; media such as audio-visual services and technology such as computing support; academic administration and personnel development providing administration support and management direction to the three primary missions; and separately budgeted support for course and curriculum development.

**STUDENT SERVICES**

The student services category includes expenses incurred for offices of admissions and the registrar and activities with the primary purpose of contributing to students' emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program. This category includes expenses for student activities, cultural events, student newspapers, intramural athletics, student organizations, intercollegiate athletics, counseling and career guidance, student aid administration, and enrollment management and student health service offices.

**INSTITUTIONAL SUPPORT**

The institutional support category includes expenses for central executive-level activities concerned with management and long-range planning for the entire institution, such as the governing board, planning and programming operations, and legal services; fiscal operations, including the investment office; administrative data processing; space management; employee personnel and records; logistical activities that provide procurement, storerooms, and printing; transportation services to the institution; support services to faculty and staff; and activities concerned with community and alumni relations, including development and fundraising.

**OPERATION AND MAINTENANCE OF PLANT**

The operation and maintenance of plant category includes all expenses for the administration, supervision, operation, maintenance, preservation and protection of the institution's physical plant. This category includes expenses normally incurred for items such as janitorial and utility services; repairs and ordinary or normal alterations of buildings, furniture, and equipment; care of grounds; maintenance and operations of buildings and other plant facilities; security; earthquake and disaster preparedness; safety; hazardous waste disposal; property, liability and all other insurance relating to property; space and capital leasing; facility planning and management; and central receiving.

**STUDENT FINANCIAL AID**

Student financial aid includes institutional aid (State University Grants), tuition and fee waivers, scholarships, and fellowships from restricted or unrestricted funds. The category also includes trainee stipends, prizes, and awards.

**AUXILIARY ENTERPRISES**

An auxiliary enterprise exists to furnish goods or services to students, faculty, or staff, other institutional departments, or incidentally to the general public, and charges a fee directly related to the cost of the goods or services. The distinguishing characteristic of an auxiliary enterprise is that it is managed as an essentially self-supporting activity. Examples are residence

**6610 California State University - Continued**

halls, food services, intercollegiate athletics (only if essentially self-supporting), college stores, faculty clubs, parking, and faculty housing.

**6645 CSU Health Benefits for Retired Annuitants**

This program provides funding for health benefit services for retired California State University employees and their dependents.

The program began on January 1, 1962, with an employer contribution of \$5 per month toward the cost of a basic health plan. Since then, major medical plans, Medicare, and plans supplementing Medicare have been developed.

The 2023-24 employer contribution for health premiums maintains the average 100/90 percent contribution formula established in Government Code section 22871 for members hired on and prior to June 30, 2017, with five years of service or for members hired on or after July 1, 2017, with ten years of service. Under this formula, the state averages the premiums of the four largest health benefit plans to calculate the maximum amount the state contributes towards retiree health benefits. The state also contributes 90 percent of this average towards the health benefit costs of each of the retiree's dependents.

The retiree is responsible for paying all health benefit plan costs that exceed the state contribution. Premiums are determined on a calendar-year basis; therefore, the state contribution will vary during the fiscal year. The 2023 monthly contribution maximums are \$883 for a single enrollee, \$1,699 for an enrollee and one dependent, and \$2,124 for an enrollee and two or more dependents. The 2024 monthly contribution maximums are \$983 for a single enrollee, \$1,890 for an enrollee and one dependent, and \$2,366 for an enrollee and two or more dependents.

\* Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

## 6870 Board of Governors of the California Community Colleges

The Board of Governors of the California Community Colleges was established in 1967 to provide statewide leadership to California's 73 community college districts, which operate 116 community colleges. The Board has 18 voting members as specified in statute. Twelve members are appointed by the Governor, require Senate approval for six-year terms, and must include two current or former local board members. Five members are appointed by the Governor to two-year terms and include two students, two faculty members, and one classified member. The Lieutenant Governor also serves as a member of the Board.

The objectives of the Board are to:

- Provide direction and coordination to California's community colleges.
- Apportion state funds to districts and ensure prudent use of public resources.
- Improve district and campus programs through informational and technical services on a statewide basis.

Because community college programs drive the need for infrastructure investment, each community college district has a related capital outlay program to support this need. For specifics on the community college capital outlay program, see "Infrastructure Overview."

**PROGRAM DESCRIPTIONS****5670 - APPORTIONMENTS**

This program supports the general education programs of the community colleges, including for general purpose apportionments.

**5675 - SPECIAL SERVICES, OPERATIONS AND INFORMATION**

This program includes the development, implementation, and coordination of policies and procedures regarding education programs and funding other than apportionments. Such programs include student financial aid, academic counseling, foster care education, and support for disabled students and CalWORKs participants.

**5685 - MANDATES**

This program provides funds to community college districts to support the costs of performing state mandates.

**INFRASTRUCTURE OVERVIEW**

The California Community Colleges (CCC) comprise the largest postsecondary system of education in the nation. The CCC system serves approximately 2 million students annually at 73 locally-governed community college districts encompassing 116 campuses, 79 approved off-campus centers, and 24 district offices. The districts' assets include more than 25,000 acres of land, 6,000 buildings, and 87 million gross square feet of space. The system also holds instruction at numerous off-campus outreach centers.

## 6980 California Student Aid Commission

The mission of the California Student Aid Commission (Commission) is to promote educational equity by making postsecondary education affordable for all Californians by administering financial aid and outreach programs.

The Commission consists of 15 members; 11 members are appointed by the Governor and confirmed by the Senate, 2 members are appointed by the Senate Rules Committee, and 2 members are appointed by the Speaker of the Assembly. In general, members serve four-year terms; the two student members, appointed by the Governor, serve two-year terms.

### PROGRAM DESCRIPTIONS

#### 5755 - FINANCIAL AID GRANTS PROGRAM

This program provides grants and other kinds of financial aid to help undergraduate and graduate students enrolled at eligible institutions pay for educational expenses. The financial aid programs are described below.

#### CAL GRANT PROGRAM

Cal Grant entitlement awards are guaranteed to students who graduate from high school and meet financial, academic, and other general program eligibility requirements. The California Community College transfer entitlement awards are guaranteed to certain community college students who have a community college grade point average (GPA) of at least 2.4 on a four-point scale.

Cal Grant competitive awards are available to applicants who meet financial, academic, and general program eligibility requirements. These awards are offered to applicants who do not receive an entitlement award.

Cal Grant A provides funding for tuition and fees to eligible low-income high school graduates who have at least a 3.0 GPA on a four-point scale.

Cal Grant B provides funding to eligible low-income high school graduates who have at least a 2.0 GPA on a four-point scale. The award is for books and living expenses for the first year. Beginning with the second year, the award also provides funds for tuition and fees.

The maximum tuition award for Cal Grant A and B recipients is equal to the mandatory systemwide tuition and fees at the University of California (UC) and the California State University (CSU). The annual Budget Act sets the award amount for recipients attending private nonprofit or private, for-profit institutions that are accredited by the Western Association of Schools and Colleges (WASC), and the award for recipients attending private, for-profit institutions that are not WASC-accredited.

The Cal Grant C Program provides funding for eligible low-income students in occupational or technical training.

The Cal Grant Students with Dependent Children Access Award Supplement provides or increases access awards for students with dependent children attending the UC, CSU, a California Community College, or eligible private nonprofit institution.

The Cal Grant Foster Youth Access Award Supplement provides or increases access awards for current and former foster youth attending the UC, CSU, a California Community College, or an eligible private institution.

The California Dream Act Service Incentive Grant Program provides grants to eligible Cal Grant recipients who apply for aid through the California Dream Act Application and complete community or volunteer service at a qualifying organization.

#### MIDDLE CLASS SCHOLARSHIP PROGRAM

The Middle Class Scholarship Program provides a scholarship to certain UC and CSU students. The maximum award amount for each student is determined by specific criteria and subject to funding provided in the annual Budget Act.

#### OTHER GRANT PROGRAMS

The California Chafee Grant Program provides grants of up to \$5,000 to eligible foster youth who are enrolled in college or vocational school at least half-time. New and renewal awards are made based on available funding.

The California Military Department GI Bill Award Program provides funding for active members of the California National Guard, the State Military Reserve, or the Naval Militia who seek a certificate, degree, or diploma. Recipients attending the UC, CSU or a private institution may receive up to the amount of a Cal Grant A award. Recipients attending a community college may receive up to the amount of a Cal Grant B award. An award used for graduate studies may not exceed the maximum amount of a Cal Grant A award plus \$500 for books and supplies.

The Law Enforcement Personnel Dependents (LEPD) Scholarship Program provides college grants equivalent to Cal Grant amounts to dependents of California law enforcement officers, officers and employees of the Department of Corrections and Rehabilitation, and firefighters killed or permanently disabled in the line of duty.

The Golden State Teacher Grant Program provides one-time grants of up to \$10,000 for the 2024-25 academic year (depending on the institution where enrolled) to students enrolled in a teacher preparation or pupil personnel services credential program who commit to teaching at a qualifying school or preschool.

The Learning Aligned Employment Program provides one-time grants to participating public postsecondary education institutions for the purposes of offering eligible students with the opportunity to earn money to help defray their educational costs, while gaining valuable education-aligned, career-related experience.

## 6980 California Student Aid Commission - Continued

The Cal-HBCU Transfer Grant provides grants of up to \$5,000 for eligible students who transfer from a California Community College and enroll in one of 39 Historically Black Colleges and Universities that have associate degree for transfer memoranda of understanding. Participants must file a statement of intent to return to California after graduation from a partnered HBCU.

### LOAN ASSUMPTION PROGRAMS

The John R. Justice Program provides loan repayments to eligible recipients currently employed as California prosecutors or public defenders who commit to continued employment in that capacity for at least three years. Recipients may receive up to \$5,000 of loan repayment disbursed annually to their lending institutions.

The Public Interest Attorney Loan Repayment Program provides a maximum of \$11,000 in payments toward educational loans over a four-year period to eligible recipients that work in public interest law.

### OUTREACH PROGRAMS

The California Student Opportunity and Access Program (Cal-SOAP), through intersegmental consortia, provides financial aid outreach, application assistance, and financial aid literacy resources to disadvantaged K-12 students.

Cash for College provides financial aid workshops to assist low-income students with completing an application for financial aid and the Cal Grant GPA Verification Form and understanding financial aid.
