PROGRAM DESCRIPTIONS

4500 - CORRECTIONS AND REHABILITATION ADMINISTRATION

The objective of the Corrections and Rehabilitation Administration program is to provide policy direction, accountability, administrative oversight, and support for the overall success of all adult correctional and rehabilitation programs. The program consists of the Office of the Secretary; Legislative Affairs; Public and Employee Communications; Internal Affairs; Audits and Court Compliance; Victim and Survivor Rights and Services; Support Services; Enterprise Information Services; Labor Relations; Regulations and Policy; Research; Legal Affairs; Leasing and Facility Management; Appeals; and the Office of the Ombudsman.

4505 - PEACE OFFICER SELECTION AND EMPLOYEE DEVELOPMENT

The Peace Officer Selection and Employee Development program is responsible for planning, organizing, analyzing, and managing peace officer selection through the recruitment, application, testing, background investigation, and medical/psychological screening processes. The program is also responsible for academy training and employee development for all departmental staff.

4510 - DEPARTMENT OF JUSTICE LEGAL SERVICES

The objective of the Department of Justice Legal Services program is to provide transparency for the cost of legal services provided by the Department of Justice to CDCR.

4515 - JUVENILE OPERATIONS AND JUVENILE OFFENDER PROGRAMS

The Department previously accepted commitments from California courts when the person to be committed met age requirements, could materially benefit from institutional programs, and if there were adequate facilities available to care for the individual.

The objective of the Juvenile Operations and Juvenile Offender program was to operate safe and secure juvenile facilities and perform tasks related to routine day-to-day operations of the facilities and camp, including, feeding, clothing, and facility operations. In addition, this program provided staff training, incarcerated youth intake and court services, population management services, facility maintenance, and maintained incarcerated youth master files. This program oversaw operations for three facilities and one conservation camp.

Treatment programs began with diagnostic studies, program assignment, objective setting and progress evaluation, and post release planning for each incarcerated youth. Based on the results of this process, various counseling and evidence-based treatment programs were recommended, including mental health and other cognitive behavior programs (i.e., anger interruption therapy, sex offender treatment, general population outpatient services, and substance abuse treatment programs), camp programs, and work employability programs. These evidence-based programs were designed to promote positive social behavior and reduce recidivism and relapse.

This program is ramping down operations in the 2023-24 fiscal year given the closure of the Division of Juvenile Justice on June 30, 2023, pursuant to Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92).

4520 - JUVENILE ACADEMIC AND VOCATIONAL EDUCATION

The Education Services Branch of the Division of Juvenile Justice operated as a local education agency known as the California Education Authority. Its mission was to empower each student to become a civil, responsible, employable, and knowledgeable lifelong learner for successful transition to the community upon release.

The Juvenile Academic and Vocational Education programs were accredited by the Western Association of Schools and Colleges and included core academic and career/technical preparation high school courses, general education development preparation, basic skills enhancement, and college preparation. All students were required to meet the California Common Core State Standards and earn the appropriate number of course credits to graduate. Supplemental services included special education, English learner services, basic skills enhancement, library services, character development courses, and high school credit for work experience.

This program is ramping down operations in the 2023-24 fiscal year given the closure of the Division of Juvenile Justice on June 30, 2023, pursuant to Chapter 337, Statutes of 2020 (SB 823) and Chapter 18, Statutes of 2021 (SB 92).

4525 - JUVENILE HEALTH CARE SERVICES

The objective of the Juvenile Health Care Services program was to provide medical, dental, and mental health care consistent with adopted standards for the quality and scope of services within a custodial environment. The program strove to achieve this mission by providing cost-effective, timely, and competent care. In addition, Juvenile Health Care Services was responsible for overseeing and implementing the Integrated Behavioral Treatment Model, which used evidence-based principles of a cognitive behavioral treatment program to guide the development of the best program for the unique needs of the youth and young adult population.

4530 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - GENERAL SECURITY

CDCR is required by statute to accept convicted felons from California courts when their sentence is imprisonment in a state correctional facility. The objective of the Adult Corrections and Rehabilitation Operations - General Security program is to provide safe and secure detention facilities to protect public safety. This program consists of 32 correctional institutions, 3 of which have reception centers, and 35 conservation camps. This program also identifies custody overtime expenditures associated with housing, guarding, and transporting incarcerated people.

4540 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - INMATE SUPPORT

The objective of the Adult Corrections and Rehabilitation Operations - Inmate Support program is to provide necessary services to incarcerated people such as feeding, clothing, record keeping, and classification assessments at 32 correctional institutions, 3 of which have reception centers, and 35 conservation camps. The camps perform public conservation projects including, but not limited to, forest fire prevention, watershed management, and soil conservation.

4550 - ADULT CORRECTIONS AND REHABILITATION OPERATIONS - INSTITUTION ADMINISTRATION

The Adult Corrections and Rehabilitation Operations - Institution Administration program is responsible for the management and operation of 32 adult institutions, 3 of which have reception centers, and 35 conservation camps. The program is responsible for improving institution programming and operations. This program is also responsible for providing facility maintenance, asset management, and construction services for CDCR's adult facilities and other closed properties. In addition, the Office of Correctional Safety facilitates institution and public safety via security threat group management, escapee apprehension, major criminal investigations, and critical incident response training.

4555 - PAROLE OPERATIONS - ADULT SUPERVISION

The objective of the Parole Operations - Adult Supervision program is to improve public safety by increasing the rate and degree of successful reintegration and release to society of incarcerated people paroled from state prison. The program is responsible for providing direct supervision, surveillance, and apprehension of the state's parolee population when certain case factors exist. The Division of Adult Parole Operations' supervision strategies utilize the California Parole Supervision and Reintegration Model, which incorporates evidence-based practices to elicit long-term behavioral changes to reduce recidivism. Standard and specialized caseloads and the degree of supervision are determined by case factors related to the incarcerated person's risk and current service needs. Case supervision, reassessment, and reclassification are regularly scheduled based on parolee behavior and stability in the community. Other components of supervision include the Sex Offender Management Program, which incorporates the control and containment model strategy as required by statute, and Global Positioning System (GPS) monitoring for all sex offenders.

Another integral aspect of this program is the Community Transition Program, which conducts pre-release assessments and services in each prison and includes the identification of parolee needs to match them with state and local programs to support successful transition into local communities.

4560 - PAROLE OPERATIONS - ADULT COMMUNITY BASED PROGRAMS

Rehabilitative Programs and Parole Operations - Adult Community Based Programs utilize a variety of rehabilitative and reentry assistance programs designed to promote successful reintegration of parolees into their communities and reduce recidivism. These programs include, but are not limited to, referrals, supportive reentry services and linkages to Transitional Housing, the Long-Term Offender Reentry and Recovery Program, community-based coalitions, Parolee Service Centers, and Day Reporting Centers. Other services include enrollment into Pre-Employment and Transitional Work Programs, Cognitive Behavioral Treatment and interventions, Substance Use Disorder Treatment, and other wraparound services. The program includes a full continuum of transitional programs, including the Transitional Case Management Program and sex offender treatment for all sex offenders on parole.

The program also provides mental health services and treatment to parolees through CDCR's community-based Behavioral Health Reintegration program, which provides transitional mental health treatment, case management, and crisis intervention. The objective of these services is to reduce gaps in treatment after release from incarceration pending sustainable connection to alternative service providers and necessary resources in the community.

4565 - PAROLE OPERATIONS - ADULT ADMINISTRATION

The Parole Operations - Adult Administration provides administration and support functions such as business services, contracts, budgeting, and personnel for all programs and staff. The program also includes the leasing of office space, internet/data infrastructure, and utilities for the parole units throughout the state. Also, the Office of Correctional Safety, which is independent of the Division of Adult Parole Operations, investigates and apprehends fugitive parolees suspected of committing serious or violent crimes.

4570 - CALIFORNIA SEX OFFENDER MANAGEMENT BOARD/STATE AUTHORIZED RISK ASSESSMENT TOOL FOR SEX OFFENDERS

^{*} Dollars in thousands, except in Salary Range. Numbers may not add or match to other statements due to rounding of budget details.

The objective of the California Sex Offender Management Board is to promote public safety through research and certification of providers and programs to assure they are using evidence-based practices in treating sex offenders. 4575 - BOARD OF PAROLE HEARINGS - ADULT HEARINGS

The objective of the Board of Parole Hearings - Adult Hearings is to promote public safety through fair parole processes and decisions, and to provide due process to incarcerated persons throughout the hearing process.

The Board conducts parole suitability hearings for incarcerated persons sentenced to lengthy prison terms to determine eligibility for release from prison. These hearings include individuals sentenced to life with the possibility of parole once they have served a certain amount of time based on the sentence; incarcerated persons sentenced to life with the possibility of parole for a nonviolent offense under an alternative sentencing scheme, such as the state's Three Strikes Law, once they have served a certain amount of time based on their commitment offense; incarcerated persons who were under the age of 26 at the time of their offense, and have served a minimum of 15, 20, or 25 years of continuous incarceration, depending on the sentence, or under the age of 18 if sentenced to life without the possibility of parole, and are eligible for a Youth Offender Parole hearing; and incarcerated persons eligible for the Elderly Parole Program.

The Board conducts medical parole hearings and hearings for certain parole violators. Additionally, the Board approves transfers of foreign citizens who are incarcerated in California to their native countries where they are to serve the remainder of their sentence, and determines whether parolees should be discharged from parole. Screenings are conducted for offenders with mental health disorders and sexually violent predators, and subsequent hearing referrals are made to the Department of State Hospitals for mental health treatment. In addition, at the Governor's request, the Board investigates applications and forwards recommendations for pardons, reprieves and commutations of sentence, and extends such services to those involving the death penalty. The Board also has the discretion to recommend to the court that an incarcerated person's sentence be recalled due to the incarcerated person's significant health condition.

4580 - BOARD OF PAROLE HEARINGS - ADMINISTRATION

The Board of Parole Hearings - Administration program handles administrative duties in support of the Board's headquarters and field operations. The Administration is comprised of the Executive Team; the Administrative Services Division, which handles the business services functions for the Board; the Executive Analysis Unit, which develops system tools to monitor and track compliance; and the Legal Division, which provides legal support for the Board.

Academic and career technical programs provide incarcerated people with an opportunity for improvement through basic education and career training. The Office of Correctional Education oversees Adult Basic Education, Adult Secondary Education, Post-Secondary Education and Career Technical Education programs. These programs include services from basic education through college, Career Technical Education, academic assessment, court-mandated programs, physical fitness training and recreation, and general law library services.

4590 - REHABILITATIVE PROGRAMS - COGNITIVE BEHAVIORAL TREATMENT AND REENTRY SERVICES

These programs include, but are not limited to, Cognitive Behavioral Interventions, including Integrated Substance Use Disorder Treatment. Additionally, the Office of Program Operations works with a variety of public and private entities to maintain this continuum of services, including the awarding of California Reentry and Enrichment grants, to community-based organizations supporting in-prison rehabilitative programs.

4595 - REHABILITATIVE PROGRAMS - ADULT INMATE ACTIVITES

The Rehabilitative Programs - Adult Inmate Activities program provides incarcerated people with activities and programs such as canteen, photo project, and handicraft. Innovative grants are also provided to incarcerated people through this program to include general grants and Victim Impact grants. INFRASTRUCTURE OVERVIEW

As one of the largest departments in state government, the Department of Corrections and Rehabilitation (CDCR) operates 32 state-owned institutions and 35 firefighting and conservation camps. CDCR's infrastructure includes more than 41 million square feet of state-owned building space on more than 21,000 acres of land (33 square miles) statewide.

CDCR and the Board of State and Community Corrections jointly administer several programs to partially finance the design and construction of county correctional facilities. The programs consist of Adult Local Criminal Justice and Local Youth Offender Rehabilitation facilities. Legislation is comprised of the 2007 Senate Bill 81 (Youth), the 2007 Assembly Bill 900 (Adult), the 2012 Senate Bill 1022 (Adult), the 2014 Senate Bill 863 (Adult), and the 2016 Senate Bill 844 (Adult). Approximately \$294 million has been awarded to 19 counties to build or remodel Youth Offender facilities and approximately \$2.158 billion has been awarded to 54 counties to build or remodel Adult Local Criminal facilities. CDCR oversees 42 of these projects totaling approximately \$1.517 billion authorized from Assembly Bill 900, Senate Bill 81, and Senate Bill 1022.

justice systems, and to promote legal and safe conditions for youth, the incarcerated, and staff in local detention facilities. This mission reflects the principle of aligning fiscal policy and correctional practices including prevention, intervention, suppression, and supervision. The goal is to promote a justice investment strategy that fits each county and is consistent with the integrated statewide goal of improved public safety through cost-effective, promising, and evidence-based strategies for managing criminal justice populations. The Board seeks to ensure that its efforts are systematically informed by experts and stakeholders with subject matter expertise.

Because the Board of State and Community Corrections' programs drive a need for infrastructure investment, the Board has a capital outlay program to support this need. For the specifics on the Board's capital outlay program see "Infrastructure Overview."

The Board of State and Community Corrections (BSCC) and the Department of Corrections and Rehabilitation jointly administer several programs to partially finance the design and construction of county correctional facilities. The programs consist of Adult Local Criminal Justice and Local Youth Offender Rehabilitation facilities. Legislation is comprised of the 2007 Senate Bill 81 (Youth), the 2007 Assembly Bill 900 (Adult), the 2012 Senate Bill 1022 (Adult), the 2014 Senate Bill 863 (Adult), and the 2016 Senate Bill 844 (Adult). Approximately \$294 million has been awarded to 19 counties to build or remodel Youth Offender facilities and approximately \$2.158 billion has been awarded to 54 counties to build or remodel Adult Local Criminal facilities. BSCC oversees 31 of these projects totaling approximately \$958 million authorized from Senate Bill 1022, Senate Bill 863, and Senate Bill 844.

5420 Prison Industry Authority

The California Prison Industry Authority (CALPIA) is a self-supporting state entity operating California's correctional industries in a manner similar to private industry. CALPIA is overseen by the Prison Industry Board, which acts much like a corporate board of directors. The Board is composed of 11 members, including the Secretary of the California Department of Corrections and Rehabilitation (CDCR) or their designee, the Director of the Department of General Services or their designee, the Secretary of the California State Transportation Agency or their designee, two public members appointed by the Speaker of the Assembly, two public members appointed by the Senate Committee on Rules, and four members appointed by the Governor representing organized labor and industry. The Secretary of CDCR or their designee serves as chair of the Board.

CALPIA supports CDCR's public safety mission by providing job training programs to incarcerated individuals. These programs are to help the incarcerated individuals develop job skills, establish good work habits, and obtain basic education and job support so when they return to their communities they can gain meaningful employment and be productive and successful. CALPIA's number one goal is rehabilitation and reducing recidivism.

CALPIA has three statutory objectives: (1) develop and operate manufacturing, agricultural, and service enterprises that provide work opportunities for incarcerated individuals under the jurisdiction of CDCR; (2) create and maintain working conditions within enterprises similar to those that prevail in private industry to assure incarcerated individuals assigned therein the opportunity to work productively to earn funds and to acquire or improve effective work habits and occupational skills; and (3) operate work programs for incarcerated individuals that are self-supporting through the generation of sufficient funds from the sale of products and services to pay all program expenses, and which provide goods and services to be used by CDCR. CALPIA receives no annual appropriation from the Legislature.
